Mrs. Helen Gehring

Mrs Gehring:

I can't ever begin to thank you enough for what you have done for me this year. You are one of the nicest and most understanding persons I have ever had the pleasure of meeting. You have a nice little family and I have enjoyed baby-sitting for you & hope to continue. You can't get rid of me yet even though you would like to because I'll be back in this one. I am sure I will enjoy it as much as I have this year. (Have a wonderful summer + take good care of Bruce. Love, Vera Livingston '62" (I hope)

Mrs. Gehring: You know the very first day I walked in this class and looked at you & thought you really looked like a hard woman, but first impressions aren't always the last one's I guess, cause I've changed my mind completely. You are really a very able teacher with a sparkling personality. I'm glad you can take the kidding that the boys do. Don't tell Bill and John I said this but they said I was the biggest flirt next to you. & take care of your husband, kids, and farm.

Lots of love

Hi Doll,

Tell Buddy Bruce not to get knocked up. Congratulations.

There isn't enough room here on this page to write how much I appreciate all you have done for me! Not only have you given courage enough to try Garden at my skills??? But you've also given me a whole new look on life.

Whether you know it or not, I'll tell you one thing, I think you're the nicest thing that has hit this school in a coons age. How old did you say you were?

Just kidding about your age!!

Thanks heaps

Mrs. Gehring:

Well looks like this ends another year! I have really enjoyed being in your class and I must confess I have finally learned how to type!! My mother is happy anyway that I have finally learned how to type!! I wish you and your new husband and children the best of luck!!! You deserve it!!! I know I have been giving you some troubles at first, but I hope you forget those!!! I'm really going to miss you, but maybe I'll see you around this summer!!! Well I could go on and on how nice and sweet you are but there isn't enough room to do so. I want to express once more I have really enjoyed beinging in your class and having you for a teacher. I think that out of all my teachers this year you are my favorite one!!! Well good luck and everything to you!!!!

Luck always,
You deserve it!!

In Memoriam

Francis "Tuffy" Logsdon, who should have donned his cap and gown with us this June at the time of graduation, was fatally injured in a farm accident during the spring of his sophomore year. One of Tuffy's great loves was fishing. We have pictured here a fishing scene, which, along with his smiling face on this page of our annual, shall keep his memory alive.

D.A.R. AWARDS

In being honored as recipients of this year's D.A.R. awards, Janet Beard and Jim Gillette are each, in effect, given the title of "Good Citizen."

The Daughters of the American Revolution, who sponsor this award, ask each school in our fifty states to select a senior girl and a senior boy who demonstrate outstanding qualities of citizenship. These qualities include scholarship, dependability, leadership, service, and honor.

It was on the basis of these characteristics that the senior class chose Janet and Jim to receive this high award.

Jim will receive a medal; Janet will receive a pin plus the opportunity to be considered on a state level for the distinction of being named the "Illinois Good Citizen."

Throughout their high school years, both Janet and Jim have been strong supporters of school activities. Jim has been active in sports, and Janet has displayed her talents in the field of journalism. They have held many class offices in the past and are both Student Body officers this year.

Although Janet and Jim have carried heavy extra-curricular schedules, they maintain honor roll standing in scholarship.

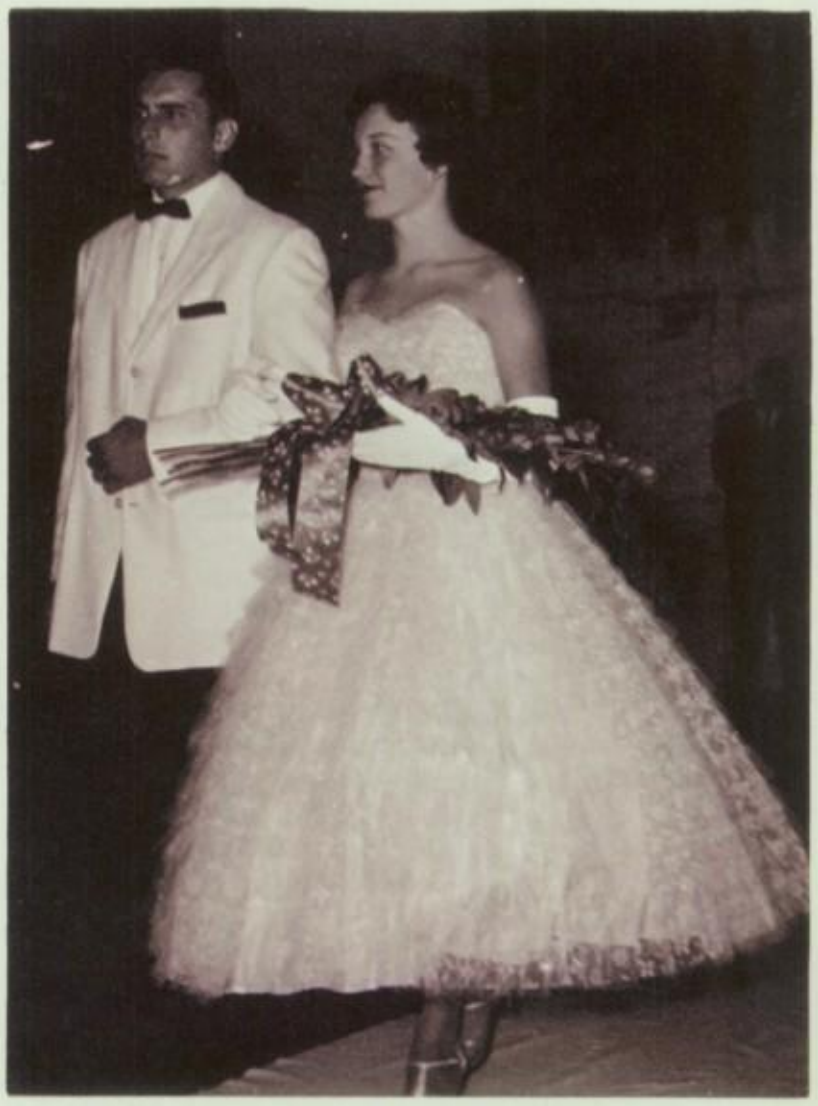
Crowning of Royalty

The magic moment has finally arrived when football captain Jim Gillette crowned Mary Bowen, at our 1960 Homecoming.



King Richard and Queen Mary walk down the white carpet to their thrones.

Queen Mary smiles over her kingdom.

Senior Attendant Peggy Boothby puts the crowning touch on Richard James.

Floats on

King Richard and Queen Mary are greeted by the crowds as they lead the Homecoming Parade.

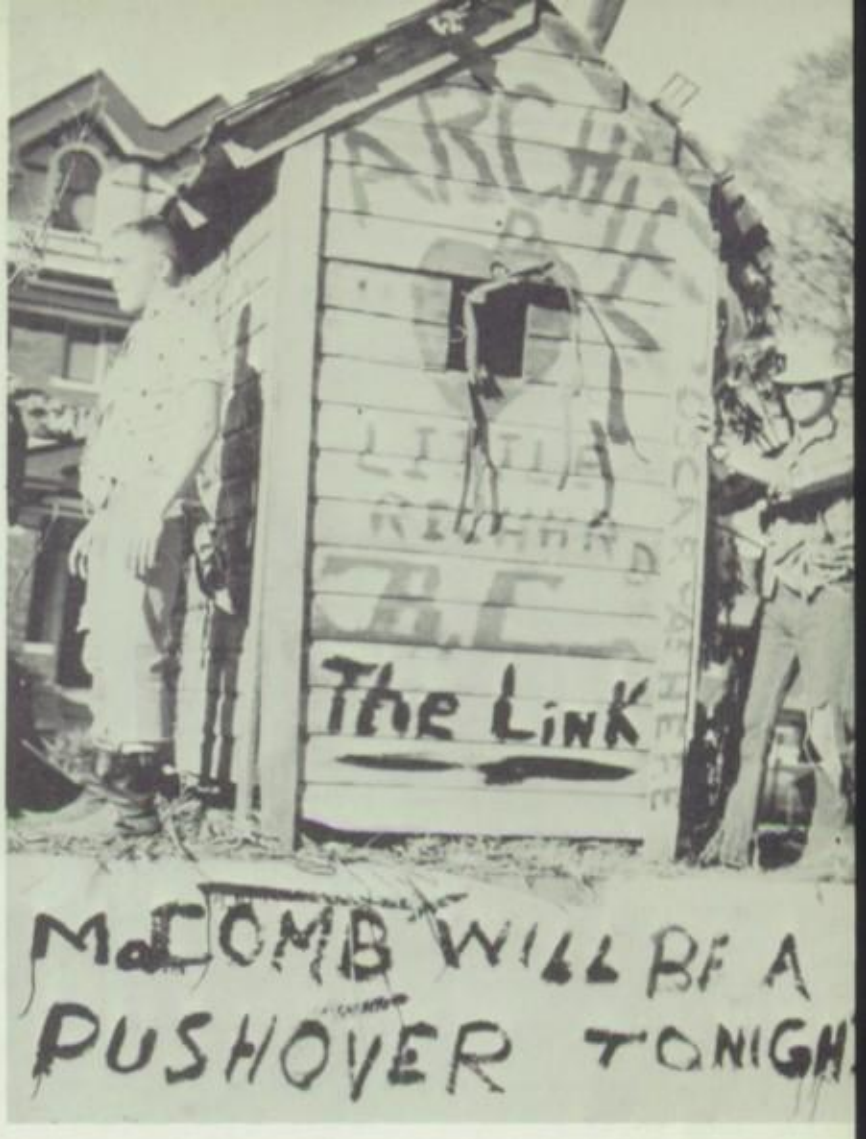
Our attendants — Peggy Boothby, Senior; Cindy Johnson, Junior; Joyce Patterson, Sophomore; and Joyce Easley, Freshman — pose prettily.

This group of players plans to "sweep up the pieces."

Runners-up — Jim Gillette, Gail Wimp, Diann Easley, and Doc Arthur — smile for the crowd.

The Seniors' float, "Swinging to Victory" won second prize for beauty.

Parade



The Senior boys constructed a float entitled "Macomb Will Be a Pushover Tonight."

Winning first prize in beauty was this float by the French Club.

The Girls' Club won first in originality with their float — "We Bear Victory."

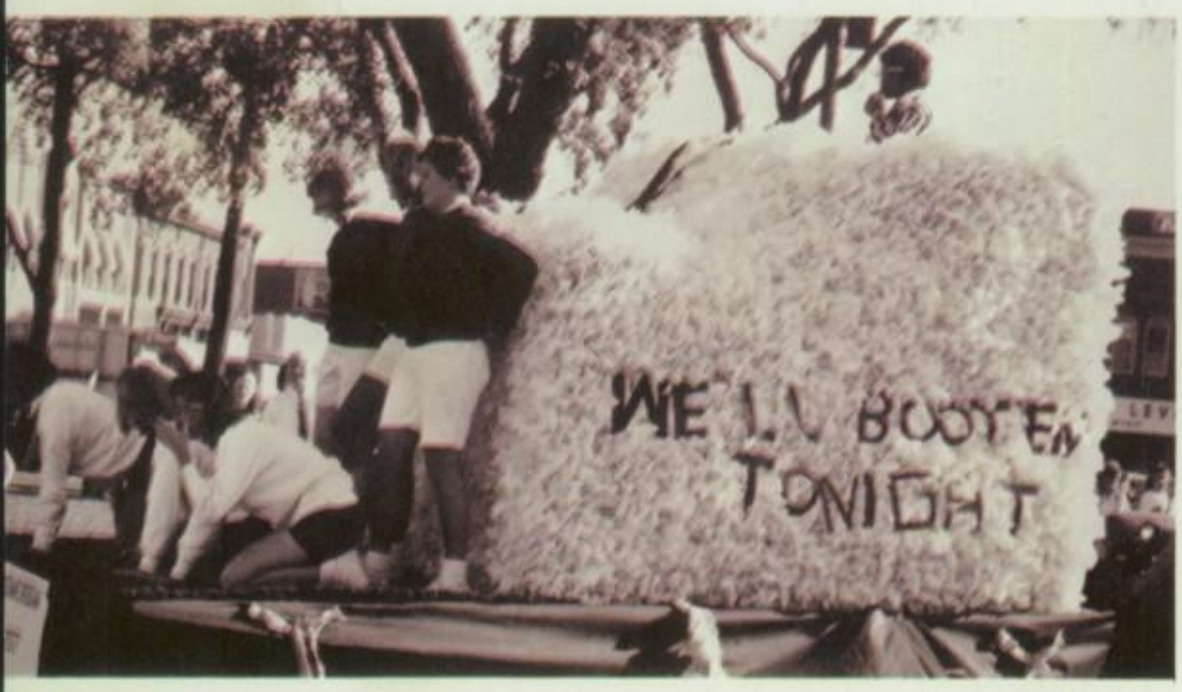
Our cheerleaders — Judy Anderson, Mary Boothby, Joann Amos, and Linda Stout..

The Spanish Club invites Macomb to "dance to our tune."

The Juniors plan to "defuse" the Macomb team!

This quartet sings a promising "Tune of Victory."

The bonfire starts off the evening activities.

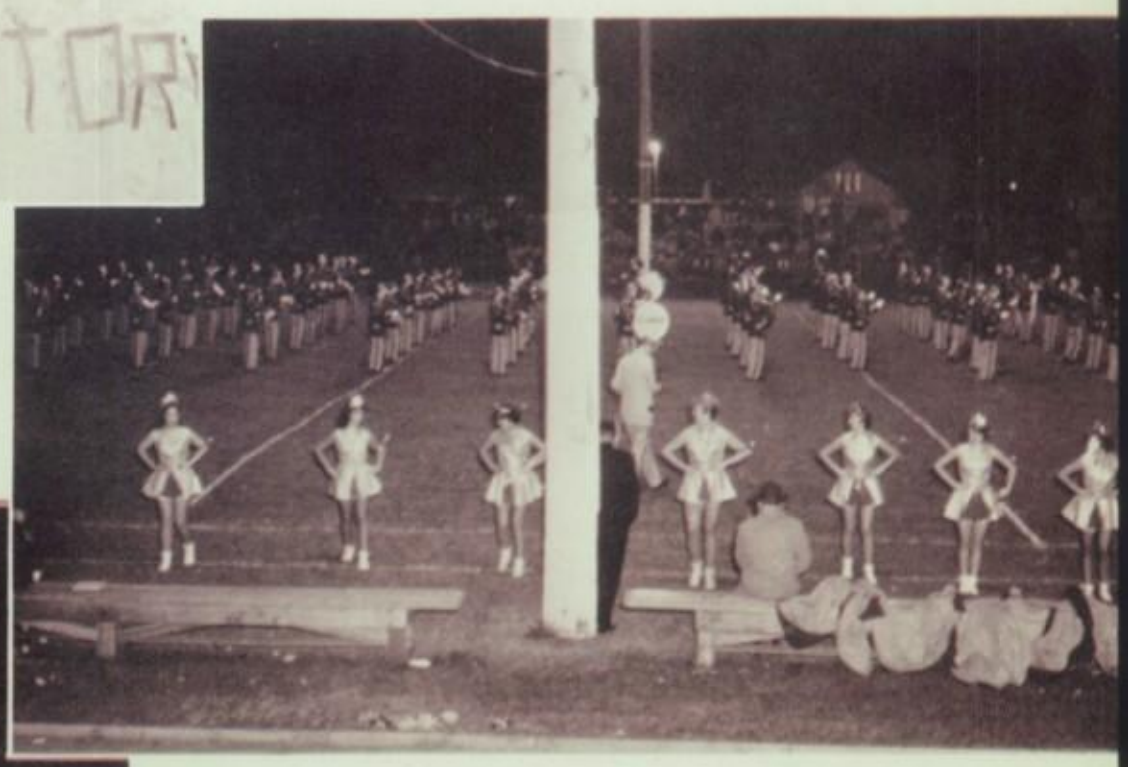


This home-room is rooting for victory.

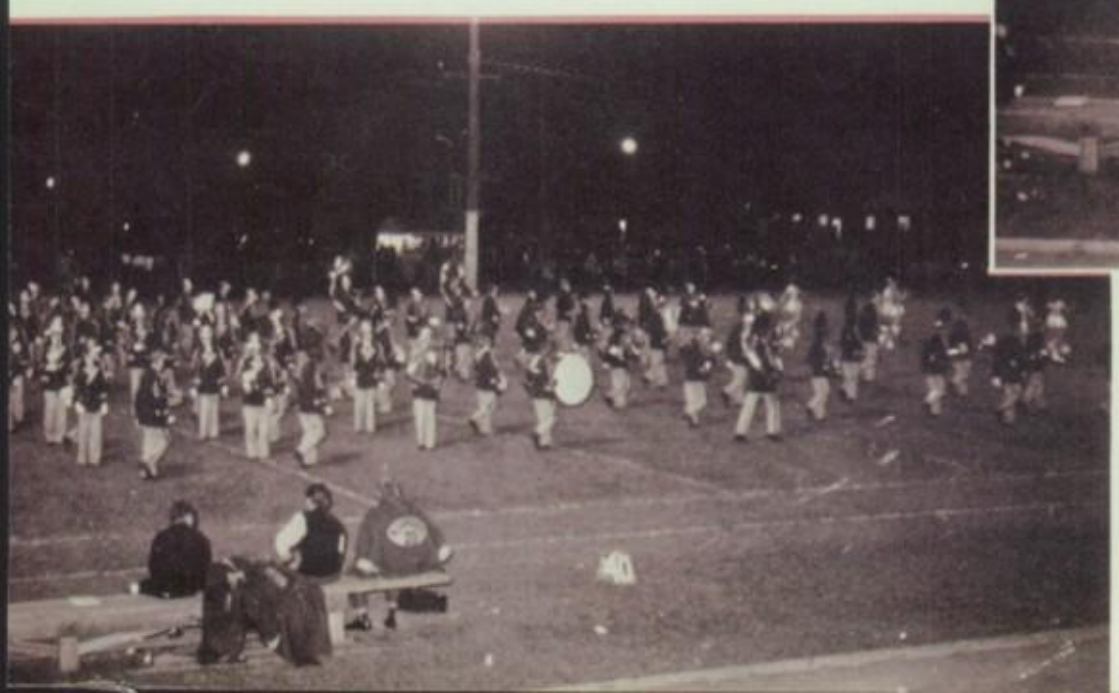
Our Queen, attendants, and runners-up pass before the stands at half-time.

Looks like someone's lost a perfectly good leg.

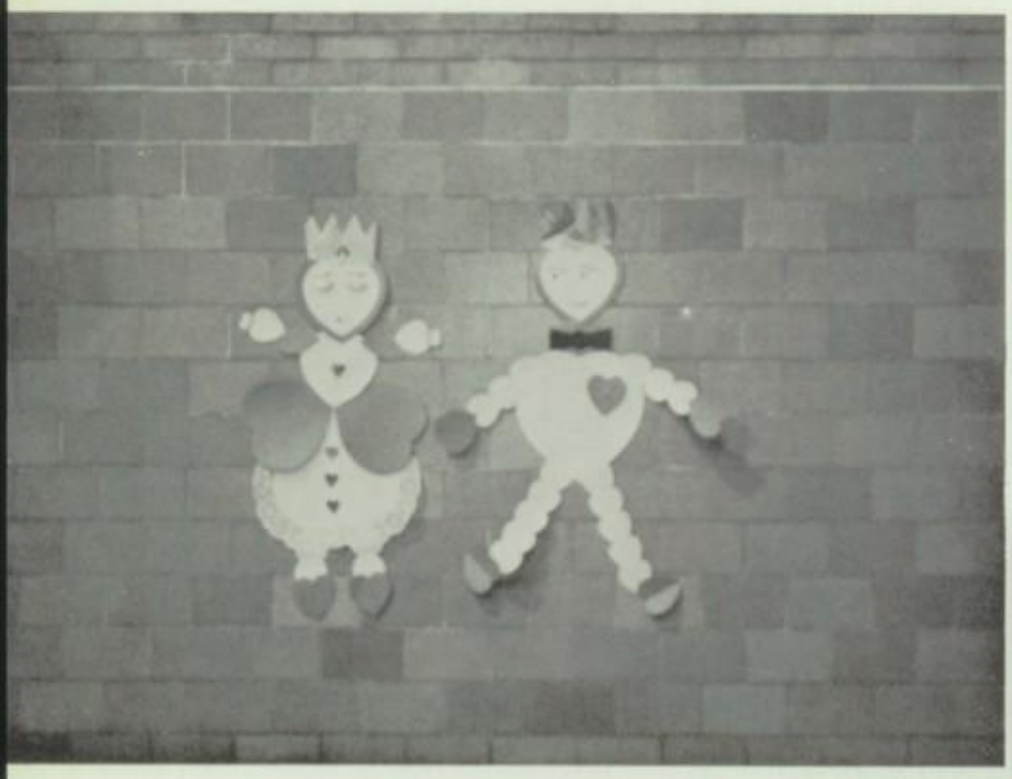
The Latin Club had a prize-winner here.



The Dancing Majorettes add their special touch to the half-time show.



The Marching Band presents its usual spirited half-time show.



These are a few of the original decorations created by the Girls' Club for the Valentine's Dance held in place of the customary sock-hop.

Sno-Ball

"Snow Dream" was the theme of this year's annual Christmas dance, the "Sno-Ball." An old-fashioned sleigh at one end of the gym was the center of attraction. Couples sat at quartet tables under a ceiling of blue and white crepe paper. Spud Griffeth and his band furnished the music for the evening.

Valentine Dance

The evening was spent dancing to music furnished by WRAM. Pat House and Don Gren were featured in special numbers.

4 O'CLOCK SNAPS

United Party candidates were Richard Uddin, David Vaughn, Peggy Boothby, and David Bowen.

The Active Party nominated Richard James, Pat House, Bill Toal, and Becky Moore.

S. B. A.

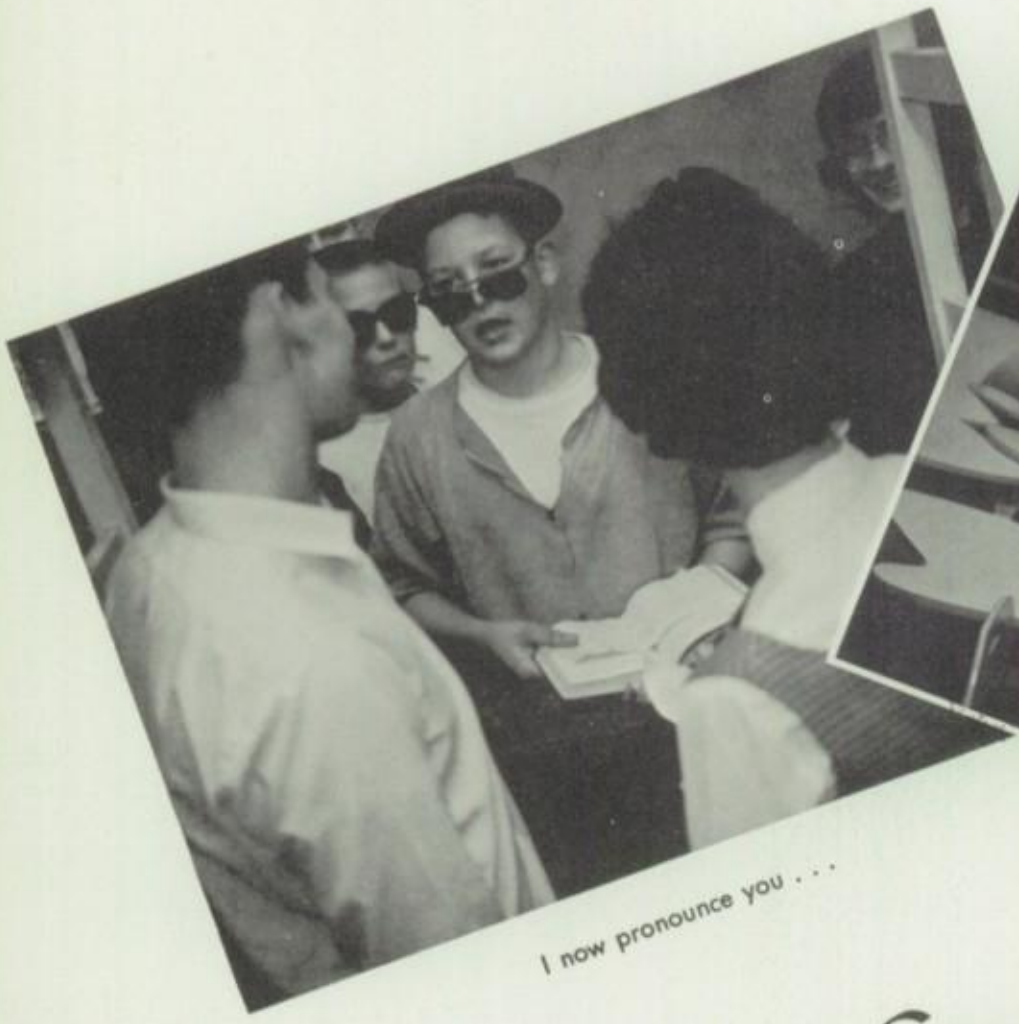
The Progressive Party supported Sandra Carlson, Jim Gillette, Janet Beard, and Lyle Bayles.

The Insurgent Party nominated as their candidates for SBA officers the following underclassmen: Patty Bowman, Quinn Anderson, and Kent Keller.

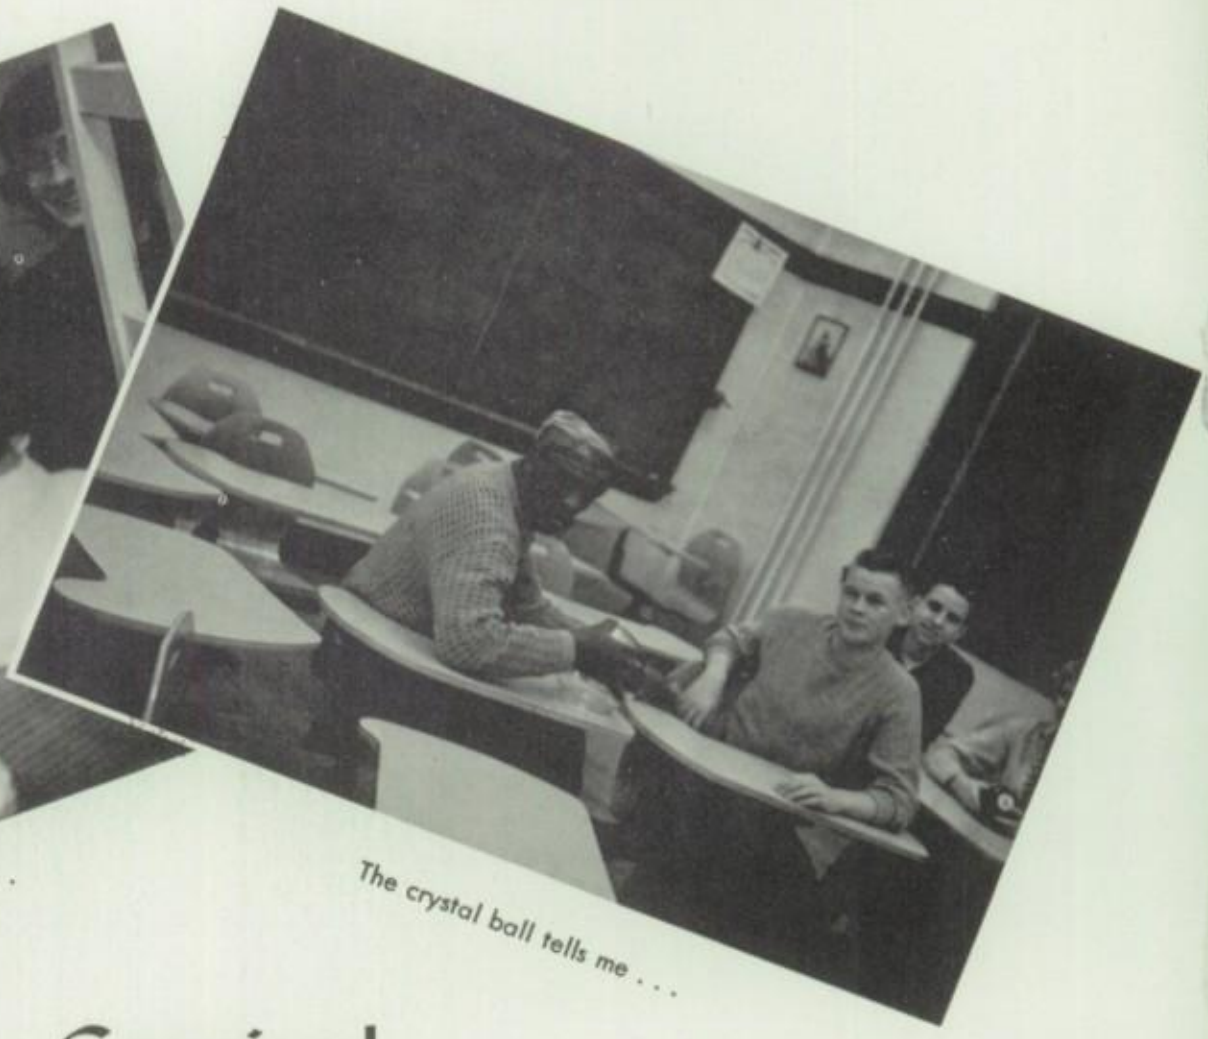
Elections

Student Body elections this year were novel in several ways leaving us with three "firsts." This was the first time for a fourth party and the first time underclassmen ran for SBA offices. But the most important first was the election of a girl, our own Janet Beard, as SBA president.

March of Dimes

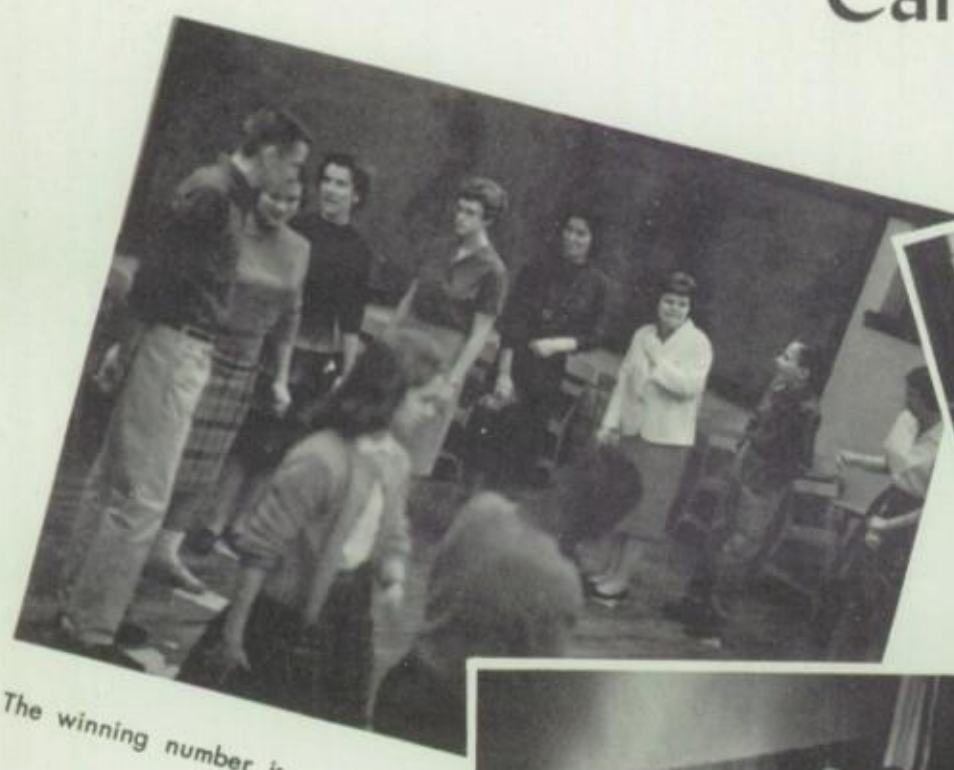


I now pronounce you . . .



The crystal ball tells me . . .

Carnival



The winning number is . . .

A tootsie pop was the prize for a lucky hit.

A ten cent throw added to the $220.00 that the carnival raised.

JUNIOR

LeRoy, who thinks he is Teddy Roosevelt, carries away another body for burial.

What's the matter, Bob? Do they think you talk too much?

Here LeRoy has his afternoon tea. We trust it is more healthful than the elderberry wine his aunts serve.

Play

Why is everyone looking so solemn?
Is someone in trouble?

Monmouth Hosts District Speech Contest

Saturday, February 18, 1961, eight students from M.H.S. entered, what perhaps was their most challenging event of the year, the District Speech Contest. The contestants were as follows:

Seniors:

Janet Beard ..... Extempore Speaking
Luann Carlson ..... Radio Speaking
Judy Gaul ..... Original Monologue
Diane Sims ..... Serious Reading
Gail Wimp ..... Verse Reading

Juniors:

Maralyn Dossey ..... After Dinner Speaking
Chesney Sharp ..... Prose Reading

Freshman:

Nellie Williams ..... Comedy Reading

These people were among seventy-five other contestants from eleven neighboring schools, for which Monmouth High School was the host. The first three winners in each of the nine events advanced to Sectional held in Alexis, Illinois. Much time and hard work are spent on preparation, but the opportunity to advance to Sectional and from there to State Speech Contest make the expended effort worth-while.

KNEELING: Nancy Kissinger, Frances Kissinger, and Donna Gabby.

Highlighting the half-time shows during football season were the Dancing Majorettes under the direction of Drum Major, Frances Kissinger. The eight girls who comprise the twirling group performed their dance routines with such spirit and animation that it looked like pure fun. However, a great deal of hard work went into the perfection of each show. Some of the majorettes began to prepare for their dancing and twirling displays last summer by attending baton twirling camp. During marching season, the majorettes attended band rehearsals regularly where they developed their routines, many of which were original. The majorettes did not limit their practice to school hours but could often be found hard at work after everyone else had left for home or Higgens. They can feel sure that their effort was rewarded, for the entertaining displays put on by the Dancing Majorettes are among everyone's most pleasant high school memories.

Dixson, Mr. Rollins, director; D. Gummerson, P. Toal, M. Boothby, and J. Hubbard.

Under the capable leadership of Mr. Gerald Rollins, the 52-piece orchestra had a very successful year. The student officers were Linda Carwile, student manager; Don Gren and Jane Hubbard, librarians.

In the fall, the orchestra presented two concerts — one for the Band and Orchestra Parents, and one at the Macomb High School. In order to make money for their spring trip, the orchestra conducted a candy sale.

During the winter, plans were made for further concerts in the spring. Many members of the group attended Mississippi Valley, a program in which players from several schools combine in one large orchestra to present a program. In the spring, the orchestra, band, and chorus presented a joint concert.

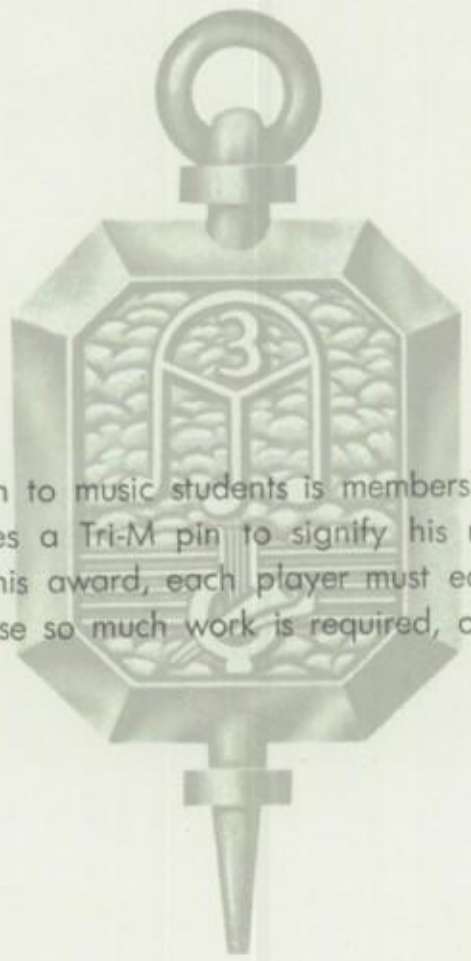
The Monmouth High School Mixed Chorus again this year provided us with pleasant music. In afternoon sessions their singing could be heard throughout the halls.

At Christmas time, they presented their annual evening concert and Christmas assembly.

The spring concert was composed of group and solo numbers.

Modern Music Masters

SEATED: Patty Sickmon, Sharon Bailey, Maralyn Dossey, Linda Carwile, Luann Carlson, Frances Kissinger, Christa Levine, Ann Lynch.



The highest award given to music students is membership in the Modern Music Masters. Each musician receives a Tri-M pin to signify his membership in the nationwide organization. To receive this award, each player must earn 800 points in orchestra or 820 points in band. Because so much work is required, only a few students receive this reward.

Music Letter Winners

SEATED: Peggy Boothby, Sandy Objartel, Cindy Johnson, Donna Hoj, Patty Bowman, Linda Keating, Chesney Sharp. **SECOND ROW:** Patty Sickmon, Jane Hubbard, Carol Leinbach, Ann Layman, Sally Bowman, Kathy McCarnes, Judy Hilsenhoff. **THIRD ROW:** Kent Keller, Richard Selby, Roger Arthur, Bill Deen, Gary Miller, Richard Hartley.

One of the honors desired by all MHS musicians is their "M" award. Much hard work is involved in earning these letters. In order to qualify, a student has to earn a total of 500 points for orchestra or 520 points for band. These points are earned by playing solos and concerts in public, holding student offices in band or orchestra, attending music camps, taking private music lessons, and entering contests.

The point system is set up so that most students are able to win a letter before they graduate. Those who received their letters before this year are not pictured above.

The Zippers started out their 1960 season with high hopes for the year. Coach Stavenhagen was greeted with seven returning lettermen but before the season hardly began injuries sprang up among the team members and before the season was over almost all of the backfield had to be replaced. However, in spite of these obstacles, the season ended in a respectable three — win and four — loss record.

Our first game was against Geneseo, a long time rival, and for the first time in three years we were able to break the Geneseo one-point jinx and win 8—0.

Abingdon invaded the Zips with a fast and aggressive team and beat our injury-stricken boys 13—6. Jacksonville, enjoying one of their best seasons, defeated a hard-fighting Monmouth team 26—0.

Homecoming Night saw the Macomb Bombers hit their target in defeating us 13—0. Monmouth found the winning trail in defeating Canton 2—0 with a safety by Gillette with 20 seconds to go. Fort Madison, one of the best teams in Iowa, found Monmouth a hard team to beat but finally scored a 33—14 victory.

Monmouth overpowered Union to win their third game by a score of 13—7. Monmouth's final opponent was Mt. Pleasant, a team that had won 33 straight games. Monmouth fell 41—0.

The team elected Richard James and Jim Gillette as co-captains at the end of the season.

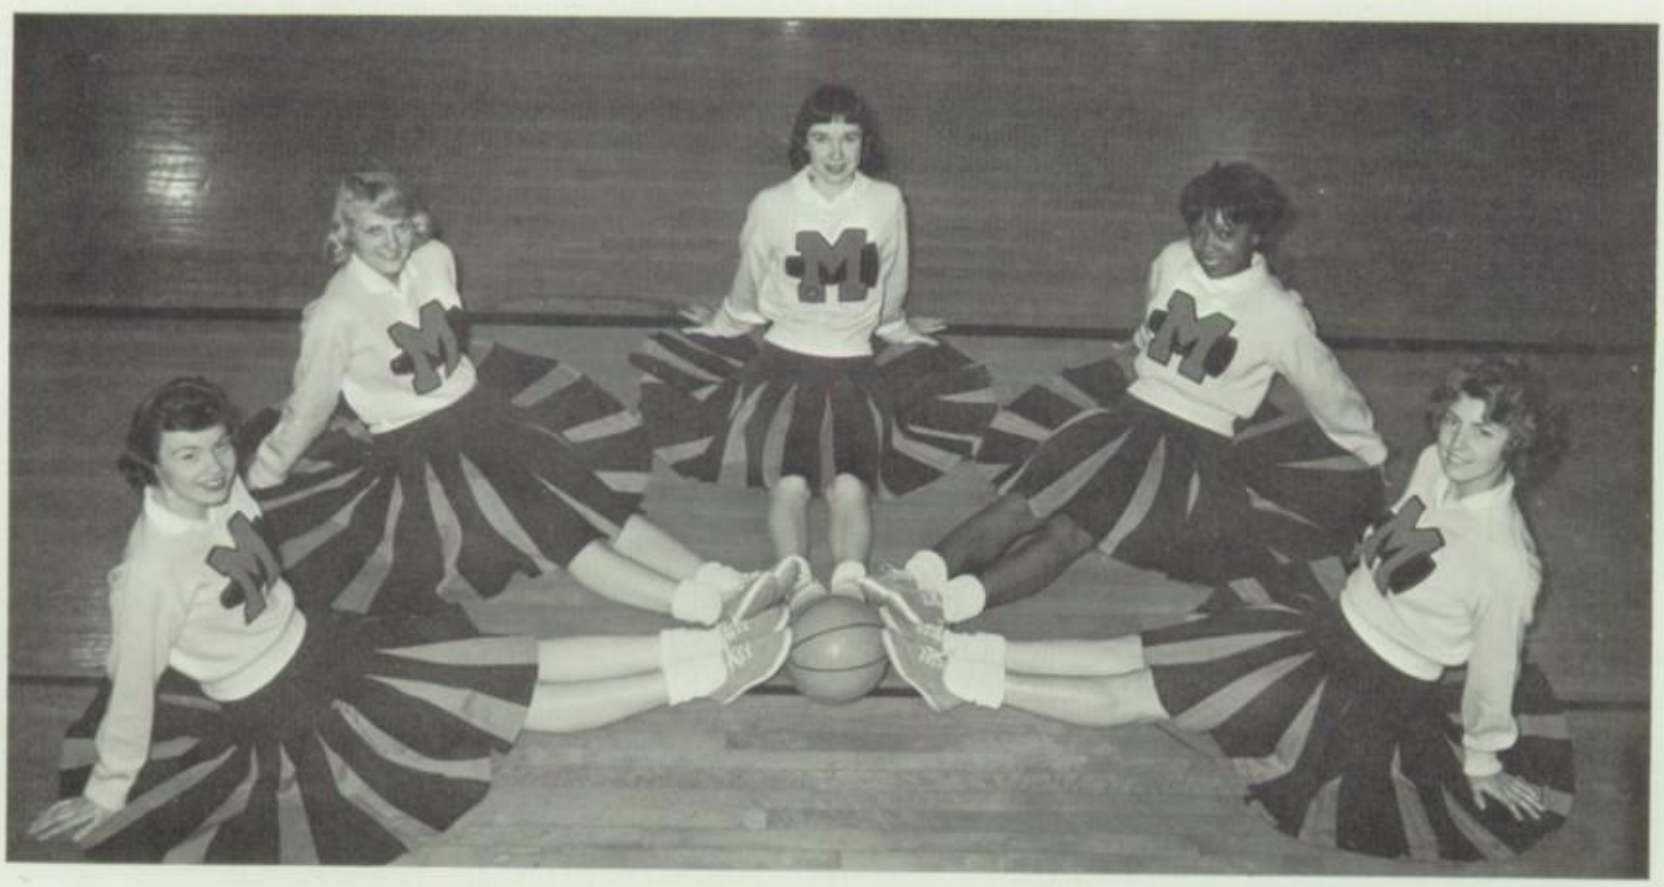
Varsity

From Left to Right — Judy Anderson, Linda Stout, Gail Wimp, Mary Boothby, and Joann Amos.

Our varsity football cheerleaders had to work in all kinds of weather, but it took much more than a mere downpour to dampen their enthusiasm. They took an active role in the Homecoming festivities, leading the snake dance out to the field. They didn't limit their cheering to the football field. At pep assemblies, they began early to arouse excitement for each night's game.



From Left to Right — Linda Stout, Judy Anderson, Gail Wimp, Joann Amos, and Diann Easley.

Much of the credit for the success of our 1960-61 varsity basketball team should go the five peppy girls who were our varsity cheerleaders. They helped our school maintain a good impression wherever we went by encouraging school spirit and good sportsmanship.

The Zippers,under the coaching of Mr. Kalosh, ended the '61 season with a 22 win and 4 loss record, one of the finest in MHS history. Besides the fine showing our team made in the regular season, it, also, captured first place in the Aledo Four Team Tournament, won the Regional and Sectional tournaments, and — for the second time in a row became a member of the "Sweet Sixteen." No matter what the odds, the Zips never gave up. Combine this with their fine sportsmanship and you know what made our Zippers great.

KNEELING: L. Bowden, B. Parish, B. Wells, B. Smith. R. Killip, G. Stavenhagen, J. Armstrong.

The Monmouth Snapper basketball team, under the direction of Coach Woodall, had what is probably one of its finest records in M.H.S. history. Their season record was 15 victories and only 2 defeats. Both of their losses were by very slim margins; one loss was to Quincy, and other was to Macomb, an earlier victim of the Snappers.

The team showed, during the season, all the qualities that go into a championship basketball team. They had good height, good shooting, good ball control, and a well balanced team. The team had seven or eight boys who started at various times throughout the season. From these the ones who were called upon most were Romano, Morris, Wallace, Clark, and Miller.

The Snaps were plaqued with ineligibility several times during the season. However, the reserves always came through in filling the vacant spots and contributing a great deal to the team. The personnel from the Snapper team should prove a valuable asset to the Zippers in the next two years.

Victors of the high hurdle shuttle relay.

Our new track coach, Mr. Pullen, had six lettermen returning from last year's successful track season. The '60 team started out with a third in the Oak Park Ralays. After this fine showing, the team placed second in the Monmouth Relays, second in the Geneseo six-team-meet, fourth in the Normal Relays, and, also, competed in the Kewanee and Woodruff Relays. The Zips won four out of seven of their dual and triangular meets. The high point of the '60 season was the district meet where both Howard Kelly, in the high hurdles, and the 880 yd. relay team qualified for state. The team lost several good runners from last year's team, but they had several valuable "point getters" returning.

Swim Team

STANDING left to right: Coach Rhodes, F. Livingston, M. O'Brien, B. Bateman, R. Merillat, T. Thorbeck. T. Howard, R. Stanton, M. Smith, B. Hixson, S. Sims, J. Creswell, G. Liggett, manager. **FRONT ROW:** D. Bollinger, S. Owen, S. Geisz, G. Heck, D. Lamoreaux, D. Bowen, R. Stanton, L. Dew.

This was the fourth year of competitive swimming for our Zipper swimming team. In this fourth year, Coach Dusty Rhodes came up with the most well-rounded team ever to represent Monmouth High School in its swimming history. This was the first year that Coach Rhodes has been able to enter a full team in each meet. With a total of 19 boys on the squad, the team had more depth than it had ever had before.

At the end of the season Monmouth had a record of three wins and four losses, which was not as good a showing as the team had expected. Two of these losses were contributed to disqualifications in individual events and not using the top swimmers in others. In spite of this, it is felt that the team had a good season and one of which they should be proud.

Co-captains for the team this year were seniors Dave Bowen and Dick Lamoreaux. Those winning letters were Dick Lamoreaux, Tim Howard, Tom Thorbeck, George Heck, Dave Bowen, Rusty Stanton, Steve Owen, Bill Hixson, Randy Stanton, and Rick Merrillat.

School Records set this year were:

100 yds. Backstroke — Dick Lamoreaux — 1:10.8
100 yd. Breastroke — Dave Bowen — 1:19.6
100 yd. Butterfly — Tom Thorbeck — 1:13.9
160 yd. Individual Medley — Dick Lamoreaux — 2:08.5
200 yd. Free Style Relay
George Heck, Randy Stanton,
Tim Howard, Rusty Stanton. 1:52.5

Besides the perpetual disadvantage of not having in Monmouth a feeder program as our opponents do by means of Pee Wee, Babe Ruth, Pony, and Junior Leagues, last year's baseball team was further thwarted by the exceedingly rainy season.

Baseball season last spring ended with 2 losses to Moline, 1 win and 1 loss with Galesburg, 2 losses to Canton, 1 win over Knoxville, 2 wins with Roseville, and 1 win and 1 loss with Alleman. The Quincy games were rained out.

This season, double headers are to be played with Alleman, Moline, Quincy, Galesburg, Canton and Macomb.

Lettermen returning for this season are Richard James, first baseman; Roger "Doc" Arthur, second baseman; Gary Gilliland, third baseman; Mel Lacey, shortstop and outfielder; Bob Fillman, catcher; Dick Fillman, pitcher; Stan Geisz, out fielder; Don Lantz, pitcher and outfielder; and Kent Keller, pitcher and outfielder. LeRoy Hook is the team manager.

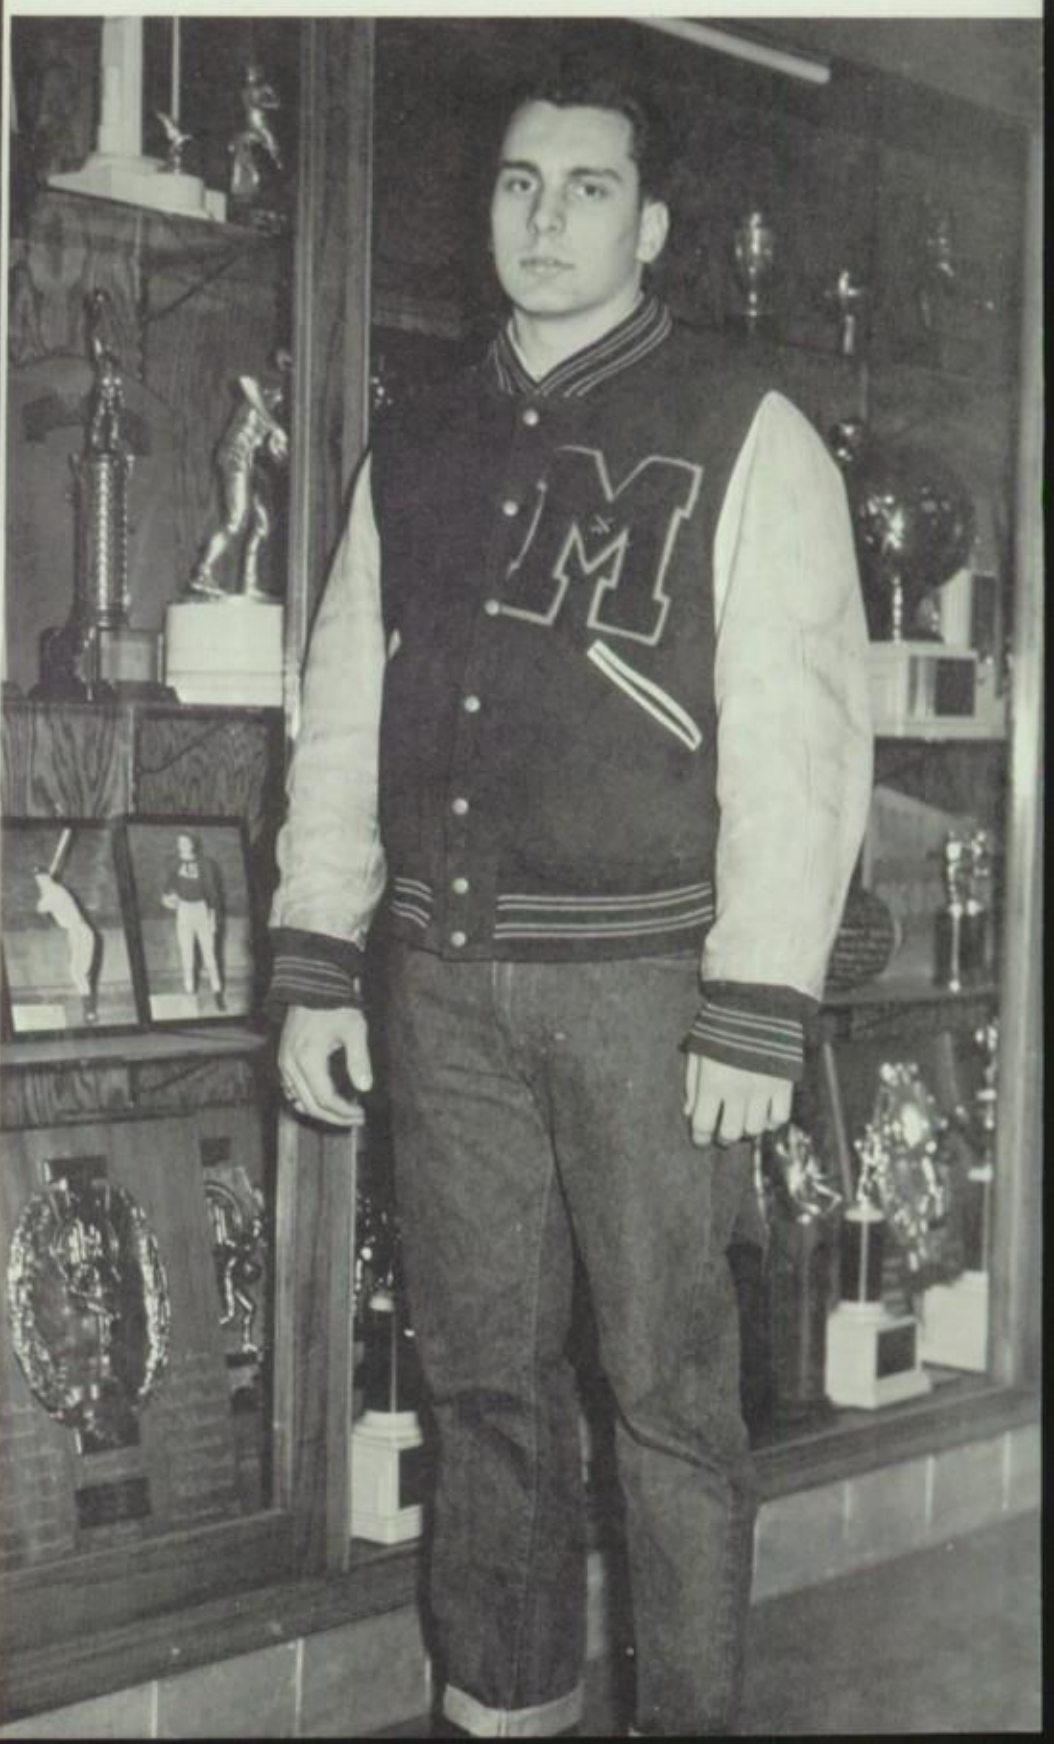
Botruff, G. Heck, B. Sheridan, S. Twomey, G. Randolph, K. Keller.

The earning of a letter in any sport entitles a boy to membership in the M-Club. The majority of members, however, are the proud possessors of several letters. Mr. Stavenhagen has, for the past nine years, served as the M-Club advisor.

Hall of Fame



To be eligible for honored position in the Hall of Fame, a boy must have earned four letters in one sport or seven letters in not more than three. The class of '61 can boast of two members who attained this coveted distinction. Dick Lamoreaux, pictured above, made four letters for his outstanding participation on the swimming team. Dick was co-captain of the swimming team. Richard James at the right was a valuable asset in two sports, earning four letters in baseball and three in football. Rich was co-captain of this year's football team.

Girls' Club

Girls' Club is a democratic organization in M.H.S. to which any girl who wishes may belong. The club boasts 111 members. In the meetings, which are held once a month, the members hear both educational and entertaining programs. The Girls' Club enriches life at MHS by encouraging friendly class relationship through the Big and Little Sister Picnic and by planning pep assemblies, the stage decoration for the crowning of the homecoming king, queen, and court, the decorated Christmas tree for the main hall, impressive Easter Meditation Services, a Sock Hop, and a tea in honor of senior members and their mothers. This year the Girls' Club float, "We Bear Victory," won first place in the originality division. Under the capable leadership of Peggy Boothby and the sponsorship of Miss Dahlberg and Miss Martin, the Girls' Club had another very successful year.

Pictured at the left are the Girls' Club officers and board. Maroon and

The annual staff members put in many hours of hard work to bring to you a history, diary, and memorandum book all rolled into one. "What multiple shall we send in this time?" is only one of the many questions which had to be answered periodically. Laying out pictures, composing writeups, drawing pages, and identifying students are only a few of the things that must be considered and reconsidered on each and every page. Just as in a ball game, teamwork is very important in putting out the annual. Every one has to do his part in order to make the book a success. The staff has had the capable leadership of Betty Lohaus, editor and Sandra Carlson, assistant editor. Lyle Bayles, treasurer, has watched over the finances. Mrs. Hill assumed sponsorship of the Maroon and Gold this year.

"Where is my Clipper?" you hear the students cry every other week. This is just one of many signs that prove the Clipper would be greatly missed if it ceased publication. It takes the work of many people, reporters and editors of all kinds to put out a school paper. The Clipper celebrated its fifty-fifth anniversary this year. Under the supervision of Mrs. Hill and the responsible editorship of Luann Carlson, LeRoy Hook, and Pam Sollenberger, the Clipper again this year brought to us the true MHS.

Quill and Scroll

Quill and Scroll is an international honorary society for journalists. To belong a student must be of junior standing, in the upper one-third of his class scholastically, must have either 100 inches of print to his credit or other vital contributions in the business management of his school publications, be recommended by his advisor, and approved by the Executive Secretary of the Society.

Now that we have arrived at the state of being Seniors, we look to the future with bright expectancy and bravely sing the tune of "High Hopes." The chance to prove the maturity expected of graduating Seniors now rapidly approaches. We are aware that the individual paths will vary; but all of us, by relying on the training and experiences we have had, can make of ourselves responsible citizens. The halls of Monmouth High School become to us mirrors of our colorful past in which we see the reflected challenges of our high school years.

Our class was the first of the large classes, numbering 226. When the day came for us to enter the halls of MHS, we found ourselves thoroughly baffled by the lockers, the schedules, and the playfulness of the upperclassmen. The fact that we were tense caused us to play the part of typical freshmen, a role we tried to escape. Before we had a chance to become well organized, we had won the first prize with our Homecoming float. We seldom missed a game, we often lost our voices, and no one could convince us that parties were unimportant. We felt proud when many of our names began frequenting the honor roll, for high academic standards ranged high among our many goals.

"Sophomores are nobodys," said an upperclassman, but we didn't believe it and went right on to prove him wrong. In our sophomore year, we displayed our many talents. In the music world, our class members represented us well in chorus, band, and orchestra. Once again our names sported the honor roll. In terms of sports, our boys were able to hold their own with any team they confronted, but always in a sportsmanlike way. In our sophomore year, we began to work together as a team, a team that still is going strong.

In 1959, as upperclassmen, we began irritating the Seniors. We proceeded to do this by abolishing the worn and out-dated custom of a Junior-Senior Banquet. "We Sphinx We'll Win" and we did! We won both the Homecoming game and first prize for float originality. The display of a sink on their novelty car which followed the float said, "We Sink So Too". The Juniors tried their hand at acting, with success, when they presented the hilarious comedy "Arsenic and Old Lace." The Juniors, while exhibiting their newly acquired skill at driving, were also showing off their class rings. The year ended quietly, leaving us with wild expectations for our Senior year.

"Senior," the name and honor we have been anticipating for many years has finally come to us. Not only did we continue making the honor roll and deans' list, but individually we began scoring among the nation. Jim Shunick and Jim Gillette were honored semi-finalists in the National Merit Scholarship test with LeRoy Hook, and Linda Carwile receiving certificates of merit. Our class chose the first girl to be president of S.B.A. Carrying out her duties diligently was Janet Beard. In the popularity department, Christa Levine with her sweet smile reigned over the band in the Burlington Band Festival. Homecoming saw the very pretty Mary Bowen as queen and Richard James as a handsome king. Peggy Boothby was the happy Senior attendant to the Queen. It is said that everyone treasures something and where that treasure is there lies one's heart; therefore, many of us realize that High School will be our "gold mines" to success.

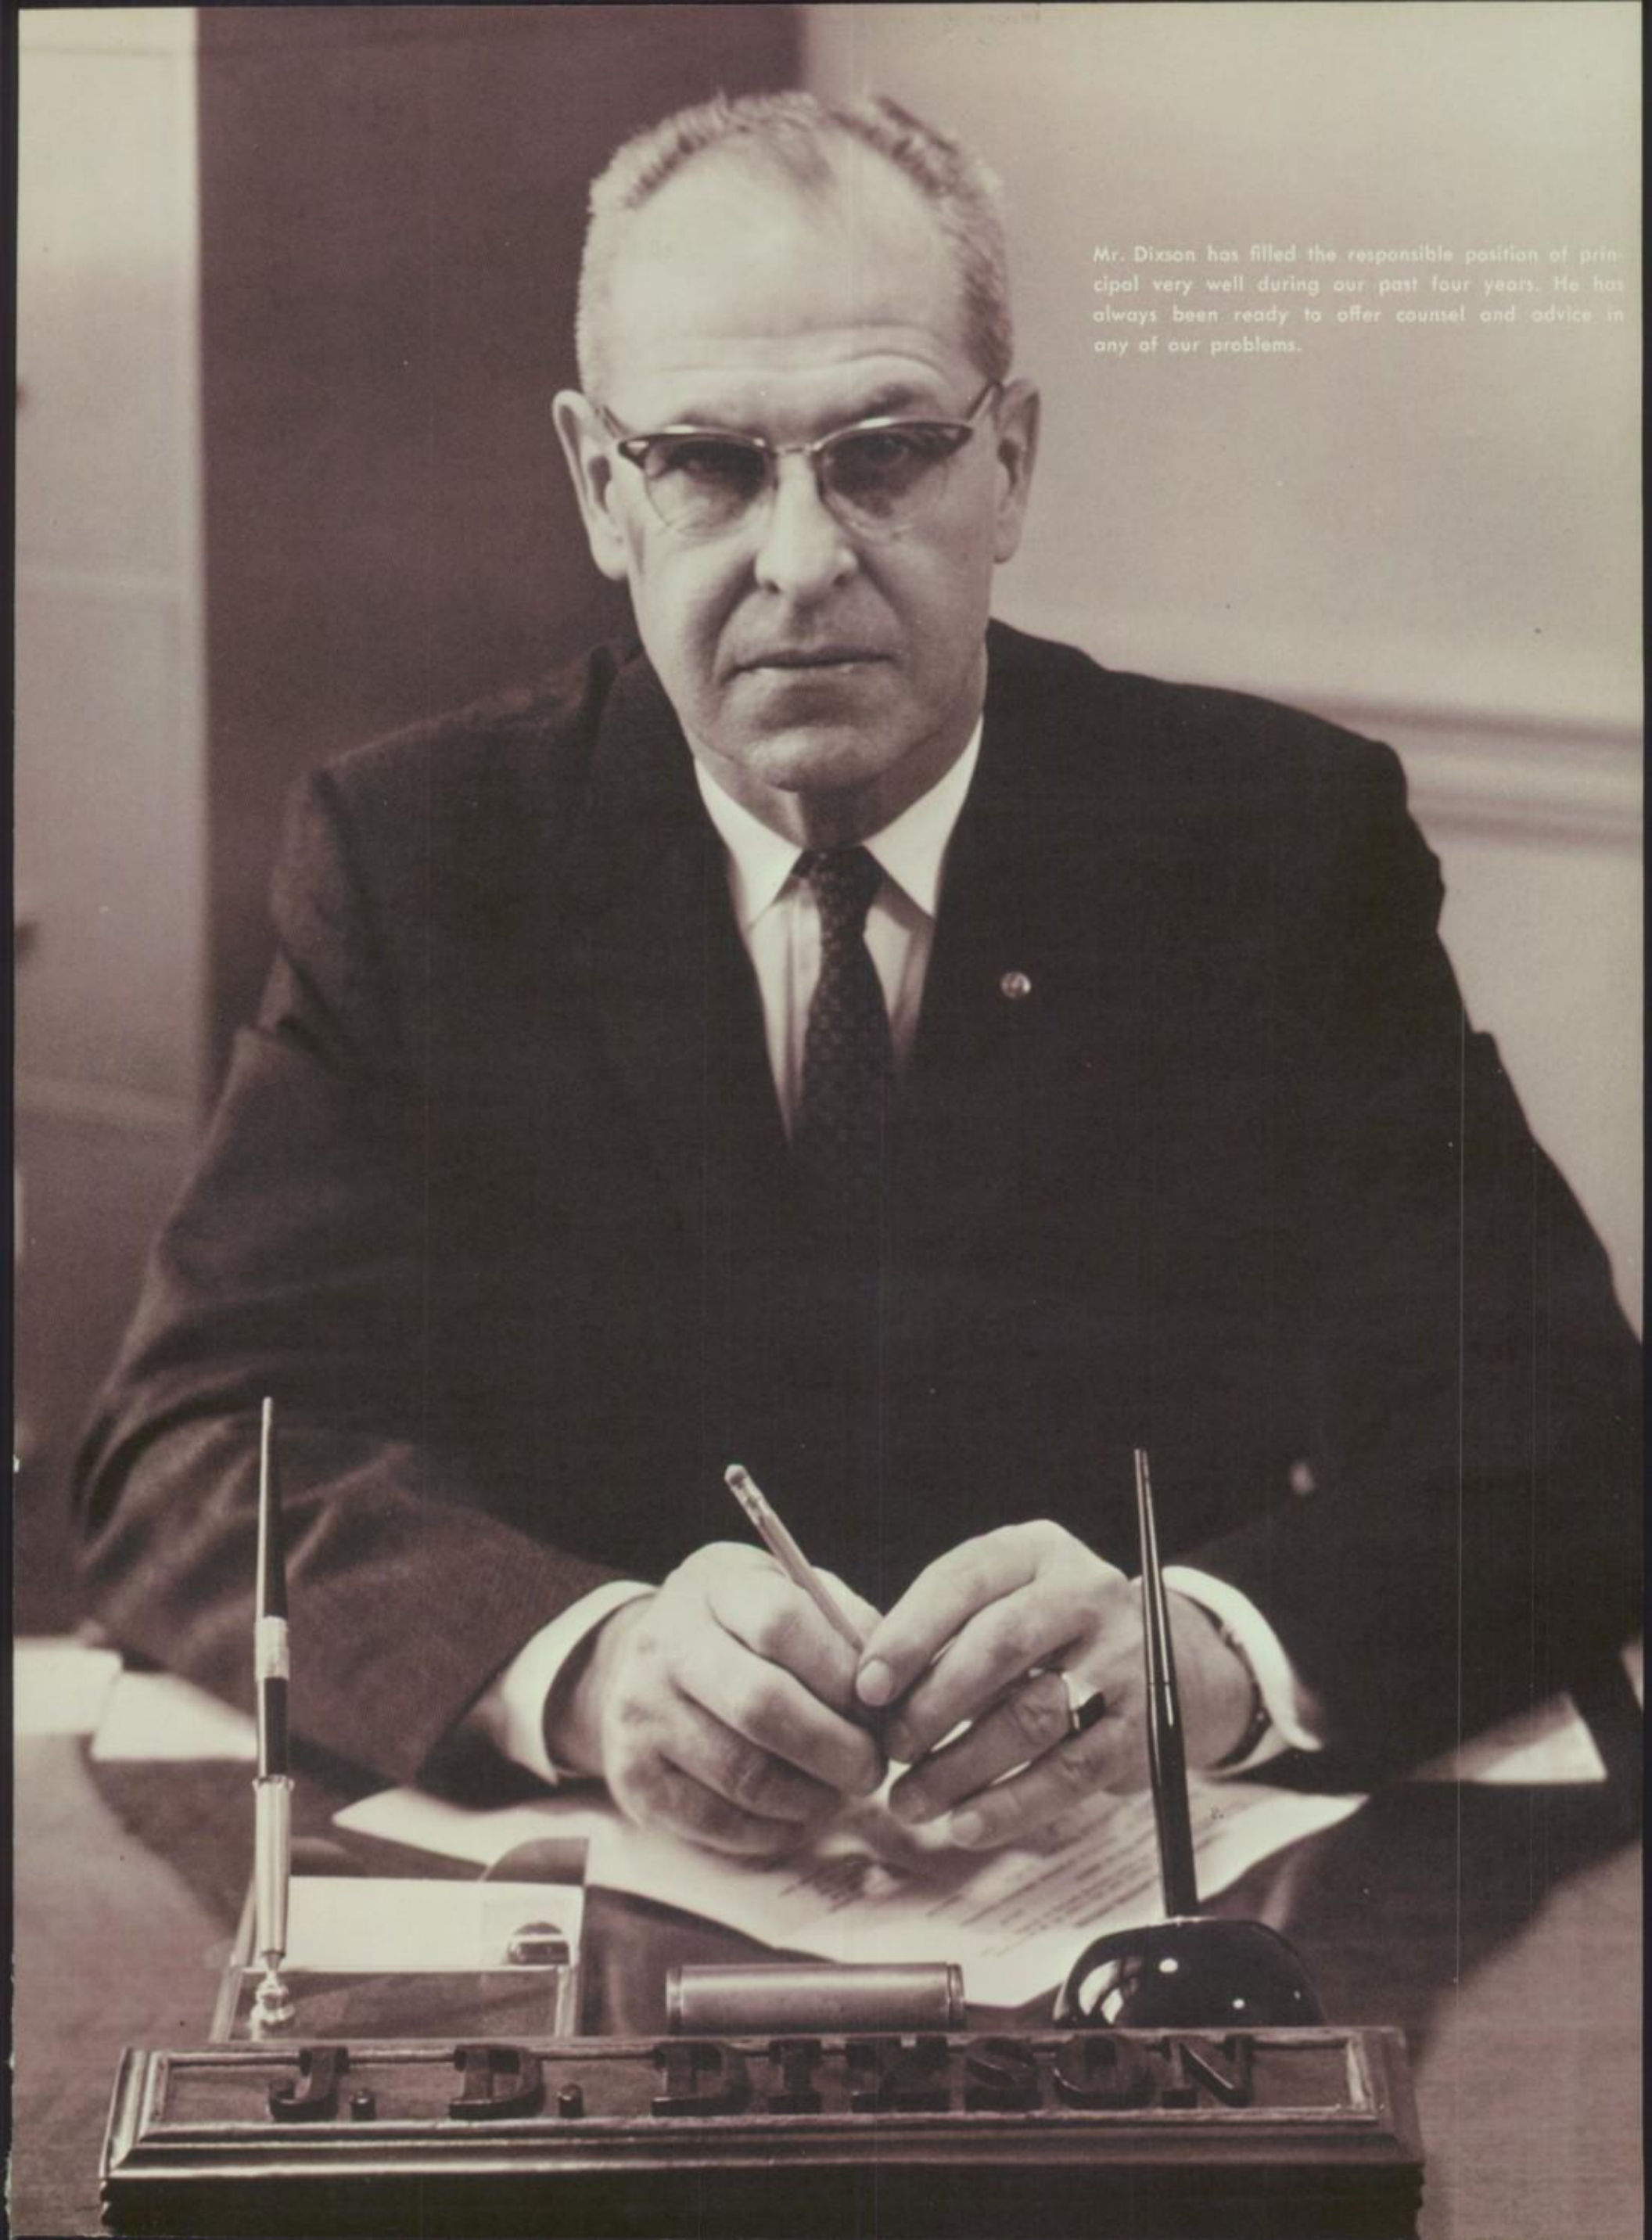
FACULTY

Under the capable leadership of Mr. Crafton, our years at M.H.S. have been both enjoyable and profitable.



Mr. Dixson has filled the responsible position of principal very well during our past four years. He has always been ready to offer counsel and advice in any of our problems.

Board of Education

The school board members from left to right are as follows: Mr. Theodore Stansell; Mr. Earl Carwile, Secretary; Dr. James Marshall; **SEATED** are: Mrs. Eula Hanson; Mr. George Bruington, President; and Mrs. Ruth Turnbull. Absent from the picture is Dr. Hugh Beveridge.

The school board has always been willing and ready to serve our community and our schools.

The school board members, who serve without any compensation, are elected for a three year term.

We as students of Monmouth High School greatly appreciate all the school board members have contributed in service.

During our four years of high school, each of us is required to take many interest, ability, and achievement tests. The scores we receive on these tests would be of little value to us if they were not skillfully explained. Here we see Dean of Girls, Miss Joyce Bittner, as she interprets Linda Carwile's ACT scores. In addition to counseling, Miss Bittner teaches community civics.

Deans

Our deans, Miss Bittner and Mr. Overton, are two of the busiest people around school. They cooperate to bring us a College Night program, in which students have scheduled appointments with representatives from various colleges. They keep us posted on examinations for scholarships and college entrance. When it is time for us to register for courses, we sign up with the deans. The wealth of information on vocations, colleges, and personal adjustment, which is found in the deans' offices, is matched by the deans' personal interest in our problems.

Whatever Pat Clark's problem is, with the help of Dean of Boys, Mr. Paul Overton, it will soon be straightened out. Dr. Overton, a title he acquired this past summer, administers tests to large groups of students throughout the year. Teaching two one-semester courses in psychology is, also, an important part of Dr. Overton's job.

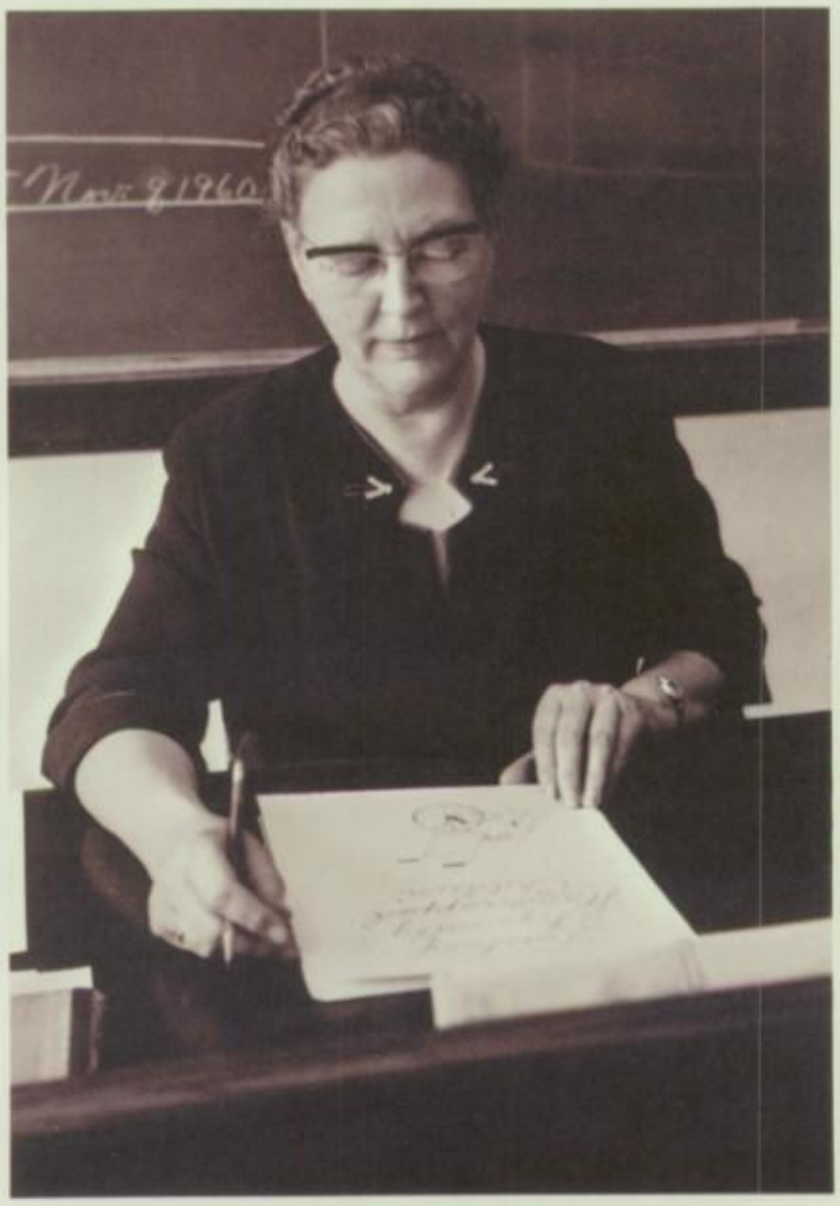
Miss Cavanaugh and Mrs. Bowker, Mr. Dixson's secretaries, are always busy answering the numerous questions of MHS students. Their tasks are many and include keeping attendance records, recording and filing grades, filling out transcripts, handing out admits and excuses, assisting teachers, and filling in wherever needed.

Secretaries

Mrs. Uddin, Mr. Crafton's personal secretary, serves as his right hand. Her secretarial duties include attending school board meetings and recording minutes of that body.

Faculty

"A stitch in time . . ." Miss Feit, head of the sewing department practices what she teaches to the girls who are in her sewing classes.



Miss Anderson is looking over a career paper prepared by a student in one of her English classes. Through projects such as this, we learn to use our language effectively.

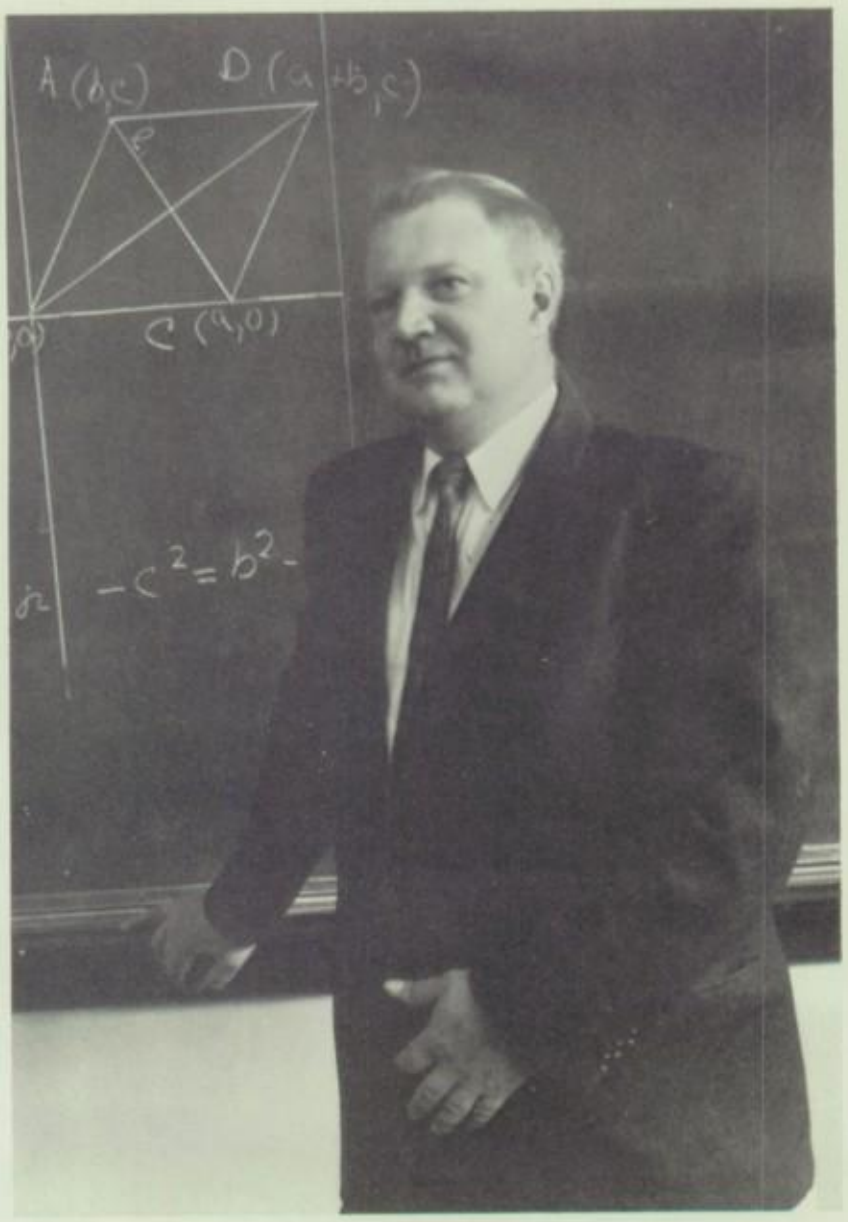
"Good Morning" says Mrs. Andrews to her office practice class. Here the students learn business skills which they use on their respective jobs in the afternoon. Mrs. Andrews, also, has typing and shorthand classes.

Miss Albin looks cheerful despite a heavy load of papers to grade. Students in general business and personal typing have enjoyed learning new skills under her direction.

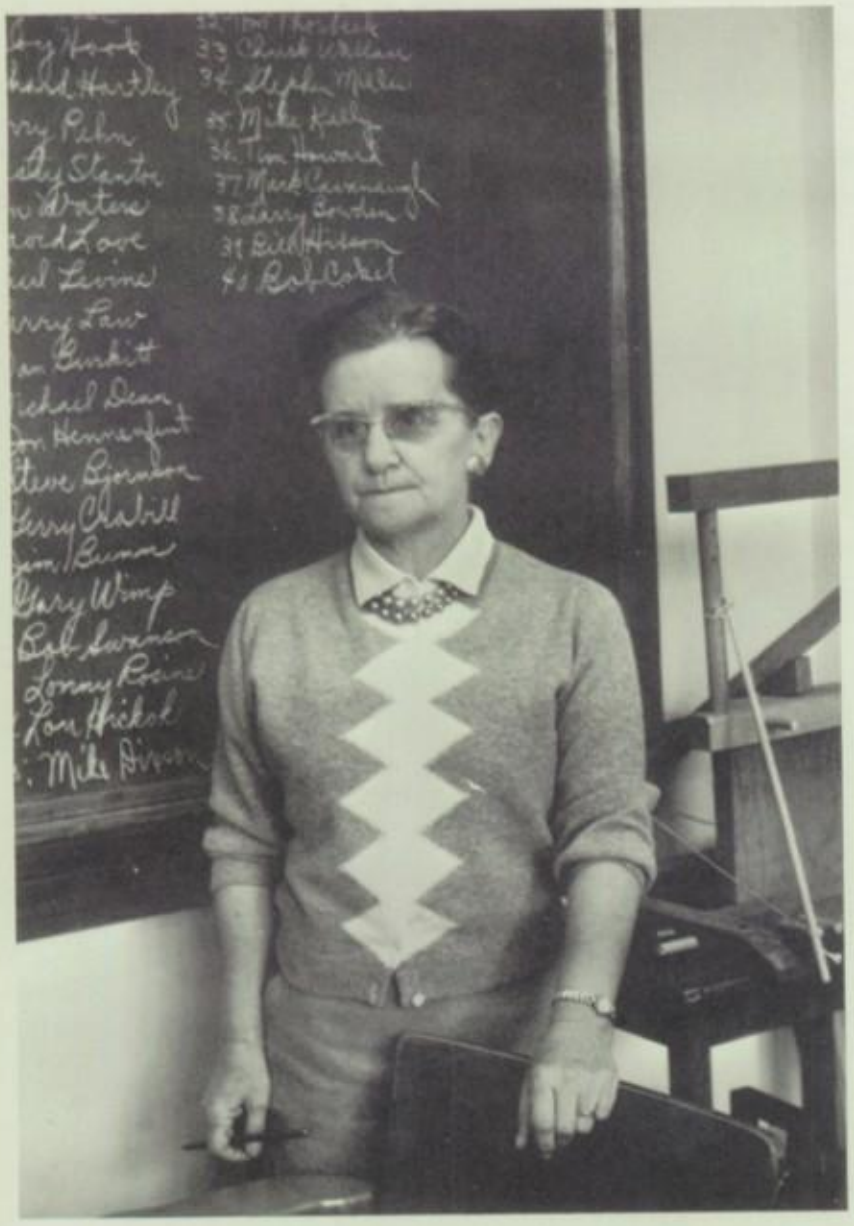
There's always something interesting going on in Miss Dahlberg's English classes. Speeches, essays, book reports, grammar study, literature selections, and class discussions all help to increase our appreciation of the world.

What's cooking? If it's being prepared in one of Mrs. Courtney's home economics classes, you can bet that it will taste mighty good.

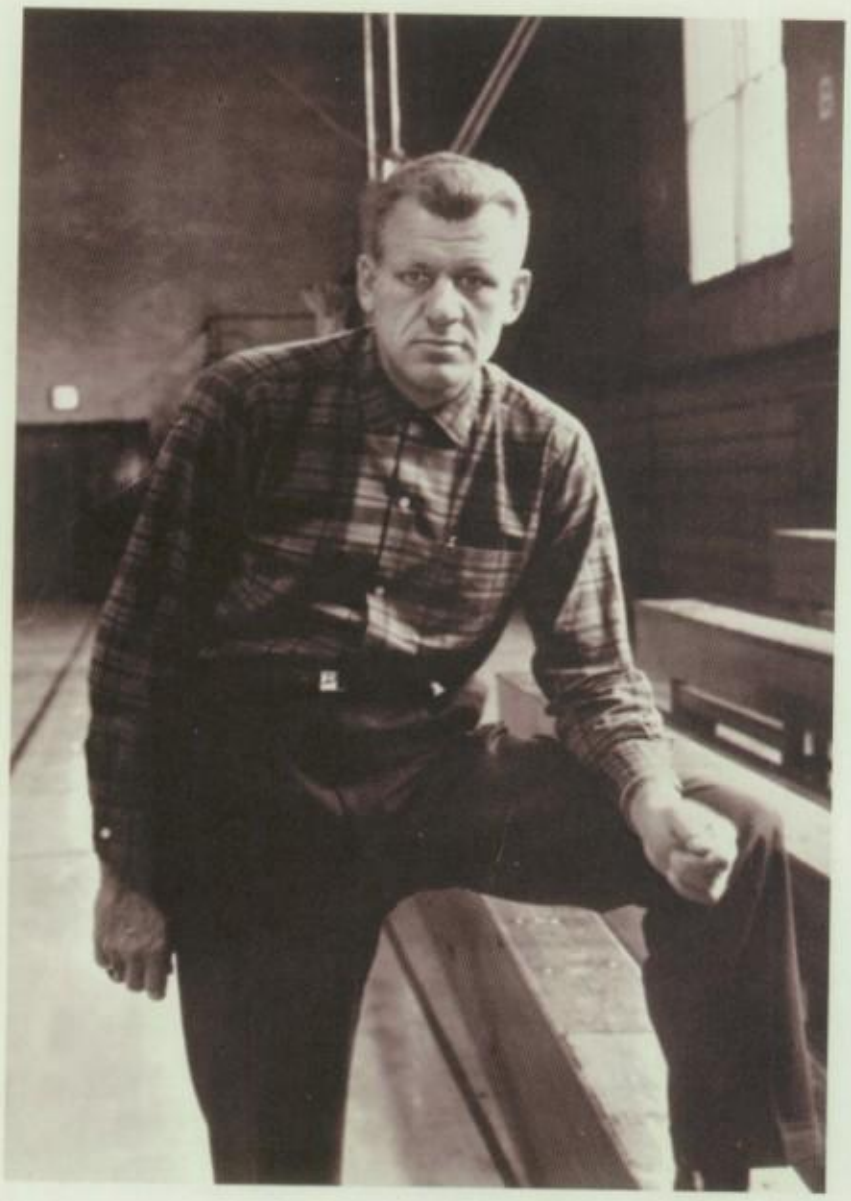
The 3rd "r" is more complex than just plain arithmetic in Mr. Tollefson's math classes. Here he is shown beside a diagram for a problem in analytical geometry (a part of 4th year math.) Mr. Tollefson teaches classes in plane geometry, advanced algebra, trigonometry and senior math.



The glory of Roman history and language is re-lived by Mrs. Yeager's Latin students. Besides her classroom teaching Mrs. Yeager sponsors the Latin Club which combines learning and good times. On the board are listed the names of a few Latin students, but where are the **puellae?**



Mrs. Kilgore's gym students are very high-spirited girls. They can be found skipping rope, doing hand stands, or dancing the polka. With Mrs. Kilgore's help, students in girls' gym classes learn basic skills for many different sports.



Coach Kalosh seems to be in deep thought. Perhaps, he's concentrating on the prospect for next year's basketball team. We students all agree that "his boys" have had a successful season this year.

Mrs. Hill is shown here teaching one of her Freshman English classes. Her ceaseless work and fine leadership for the Clipper and Annual, also, will long be appreciated and remembered by us students as an important part of our education.

Languages are very colorful subjects as Miss Martin's classes clearly show. Her students have additional learning experiences through the activities of the French and Spanish Clubs which she sponsors.

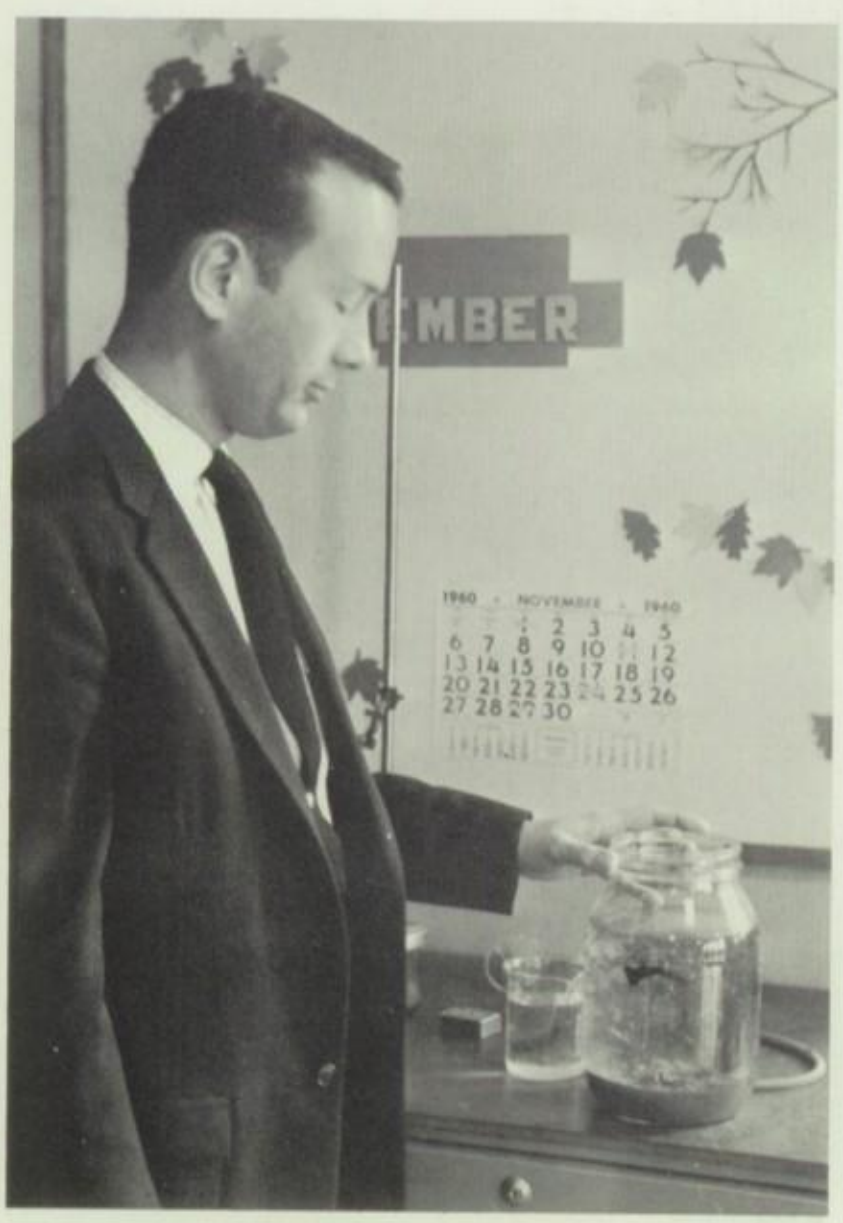
Juniors are able to re-live the past in Mr. Murphy's U.S. History classes. The use of maps and outside reading assignments help to make both civics and history interesting for us.

Mr. Mullins points to a chart to explain a lesson. His students are being well prepared to enter the competitive world of business.

Perfection is the keynote in Miss McKeown's algebra and geometry classes. Students develop skills in mathematics and logic in reasoning, both of which should be of great value throughout life.

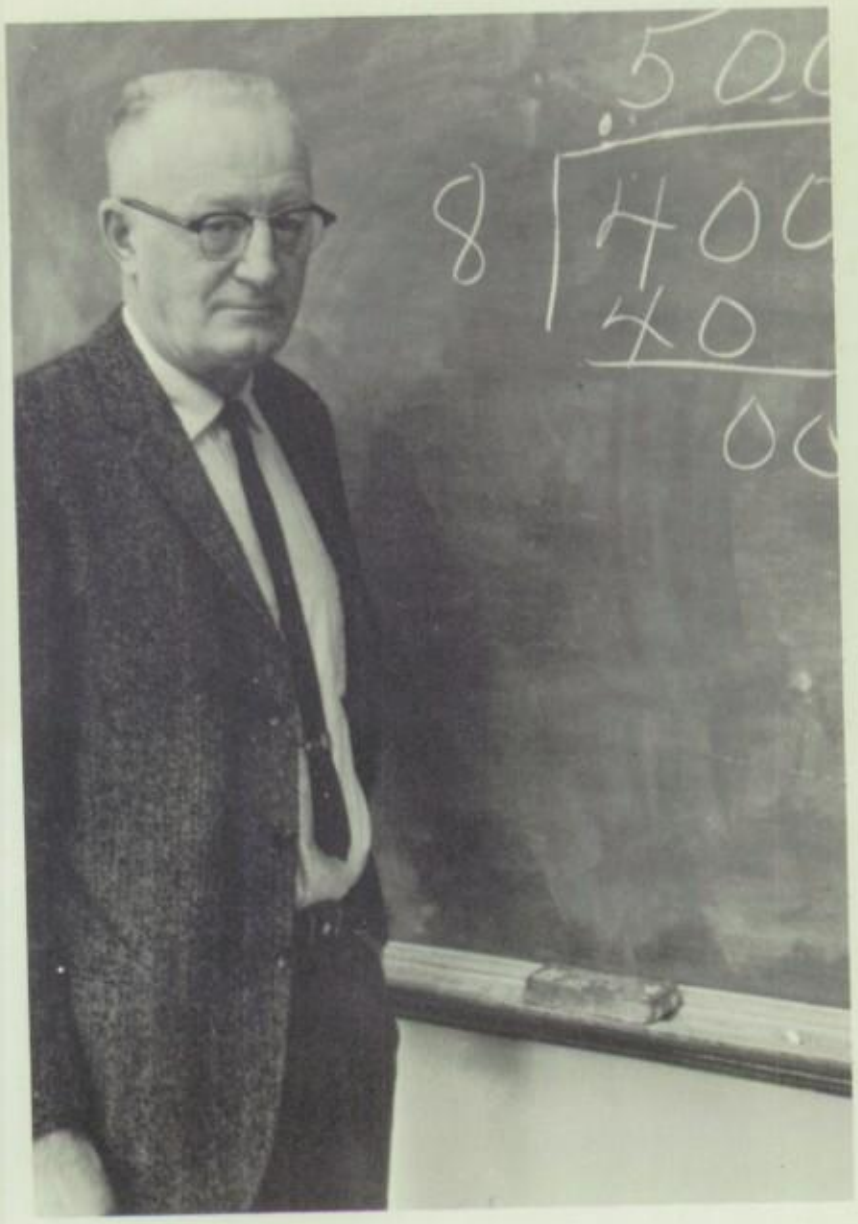
It looks as if Mr. Pullen is playing with his son's toy cars. However, as any driver's training student can tell you, he's demonstrating the proper way to maneuver your automobile.

Bandmaster, Mr. Munneke, is pictured in a typical, hard-at-work pose. Under his capable direction, Monmouth High School has continued to produce some of the finest bands in the state, year after year.



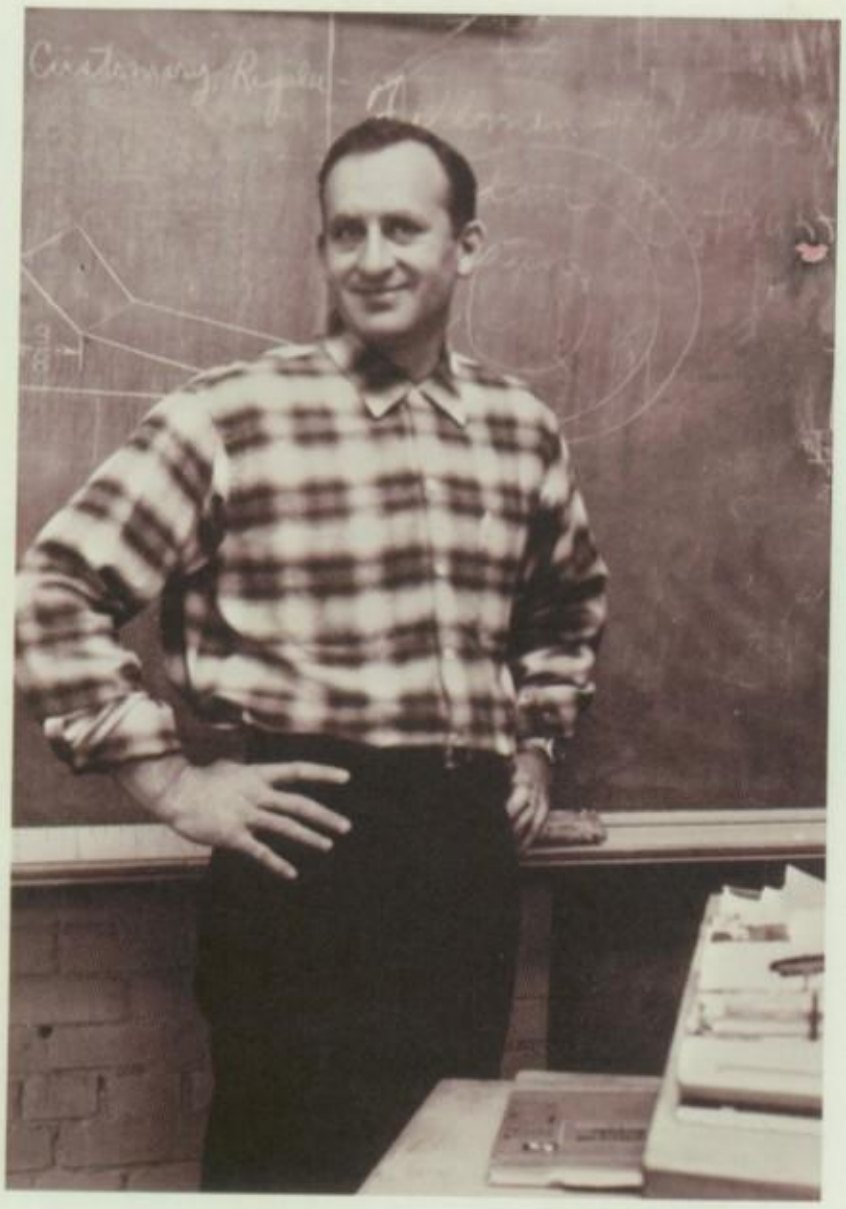
What's in that glass jar? General science teacher, Mr. Perkins, works hard to instill in his freshman students a lasting interest in the world about them.

Why so glum, Mr. Stavenhagen? Do your general math students give you a hard time? "Stavie's" additional duties as football coach and athletic director make him a very busy man.



In her classroom, Miss Rowley is surrounded by the wonders of nature. Through field trips, microscope study, and various "collections," biology students learn about living things.

When Mr. Rollins strikes this familiar pose, it is a sure thing that some beautiful music is being produced by the orchestra.



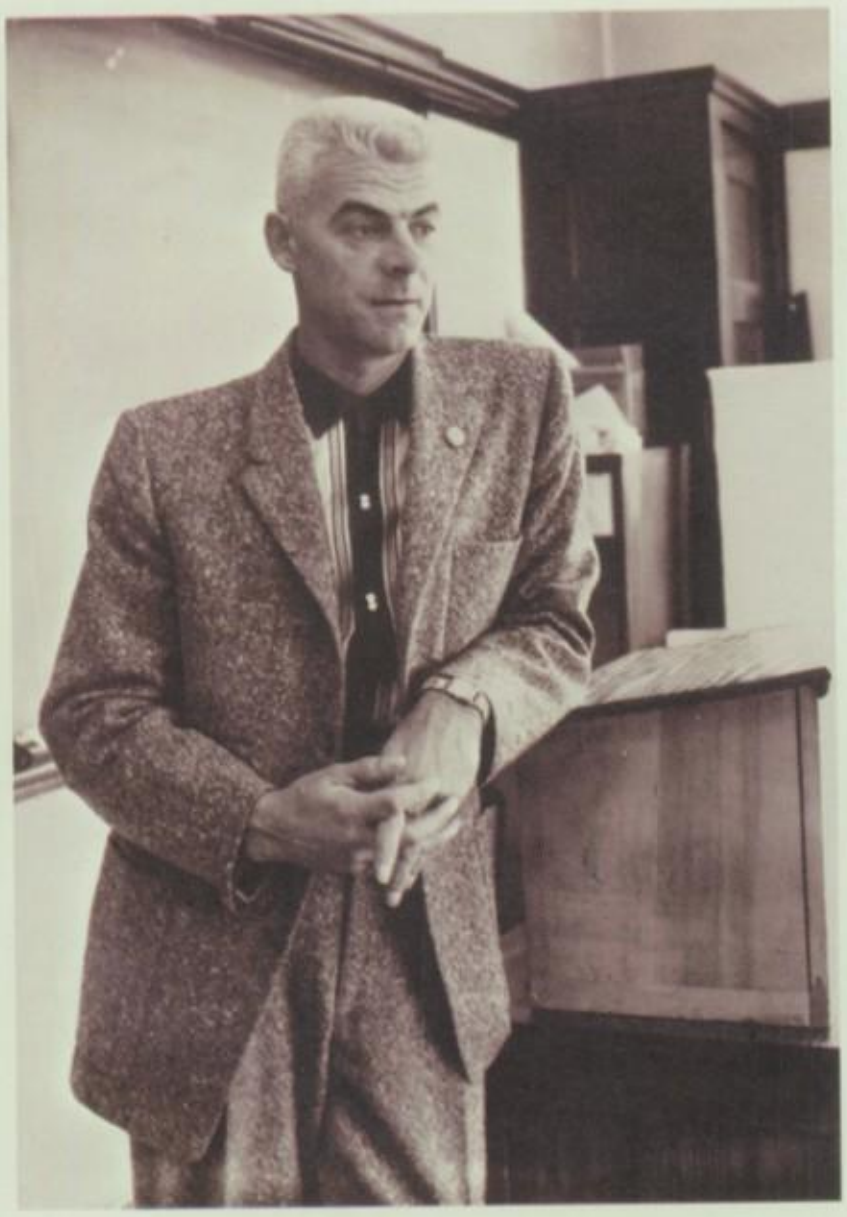
There's a gleam in your eye, Mr. Woodall. Teaching industrial arts and coaching must be lots of fun.

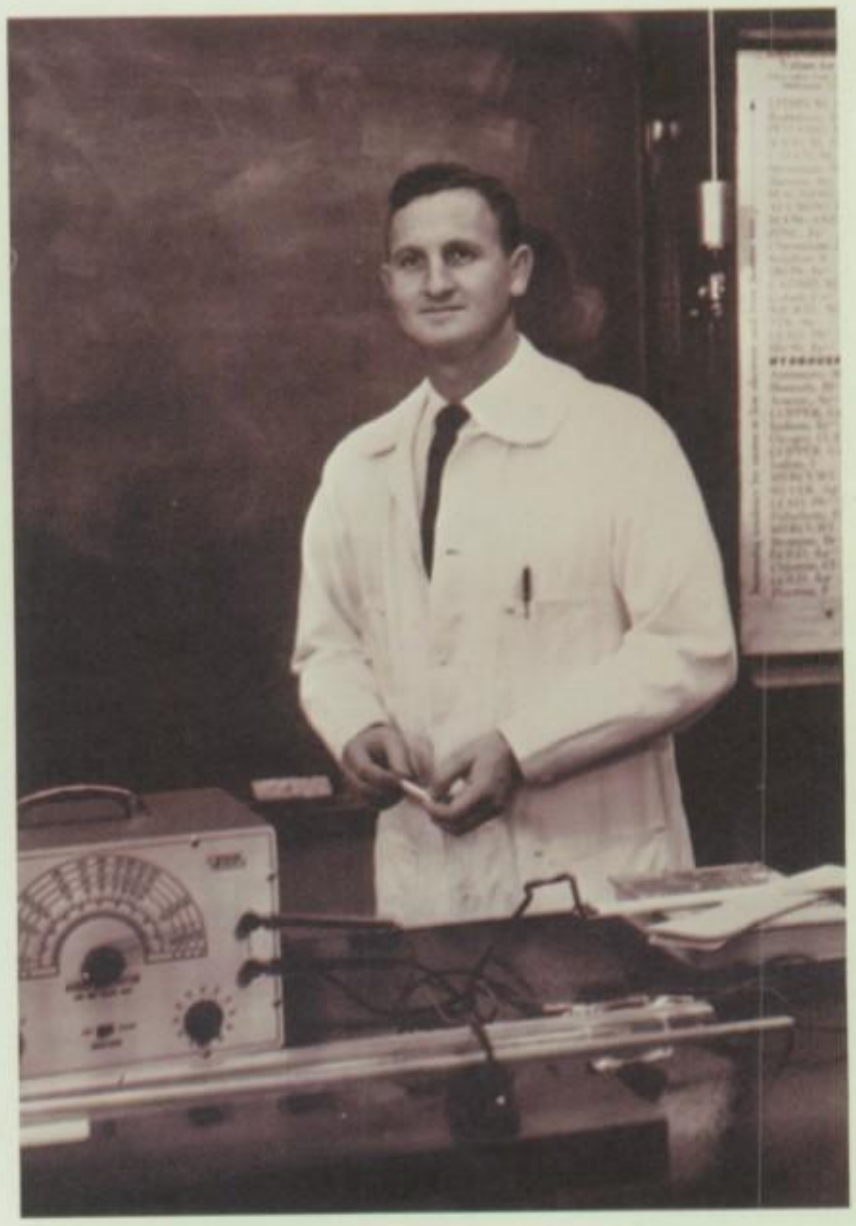
Besides teaching speech and English, Mrs. Work directed both the Junior and Senior Class Plays. Under her capable leadership, many MHS students developed into very convincing actors and actresses.

Mr. Swanson seems to be just loafing. Actually, keeping up with the news is an important part of civics and economics which he teaches.

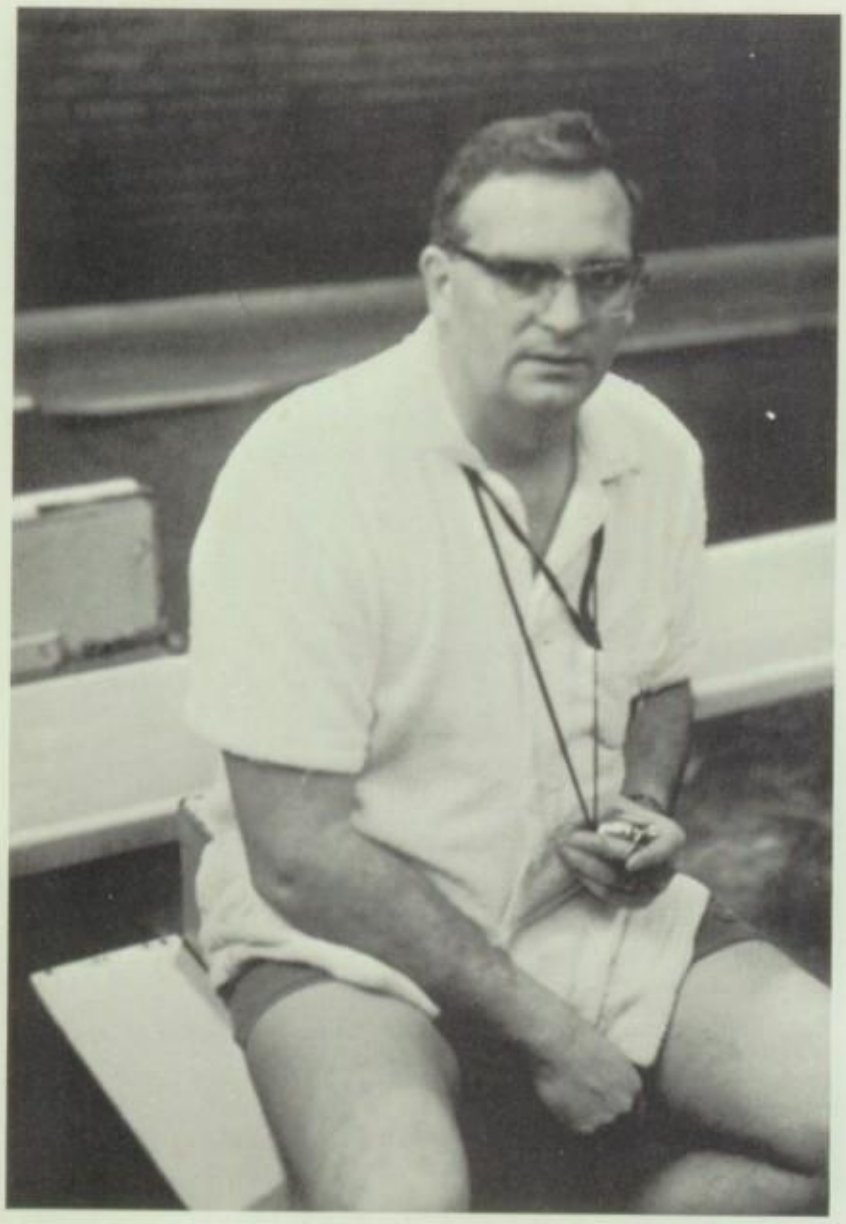
Our librarian, Miss Campbell, is preparing, a book week display in the showcase. She works hard to keep the library stocked with good books which particularly appeal to teenagers.

Mr. Geisz seems to be concentrating. Maybe he's trying to think of questions for an especially difficult history test.



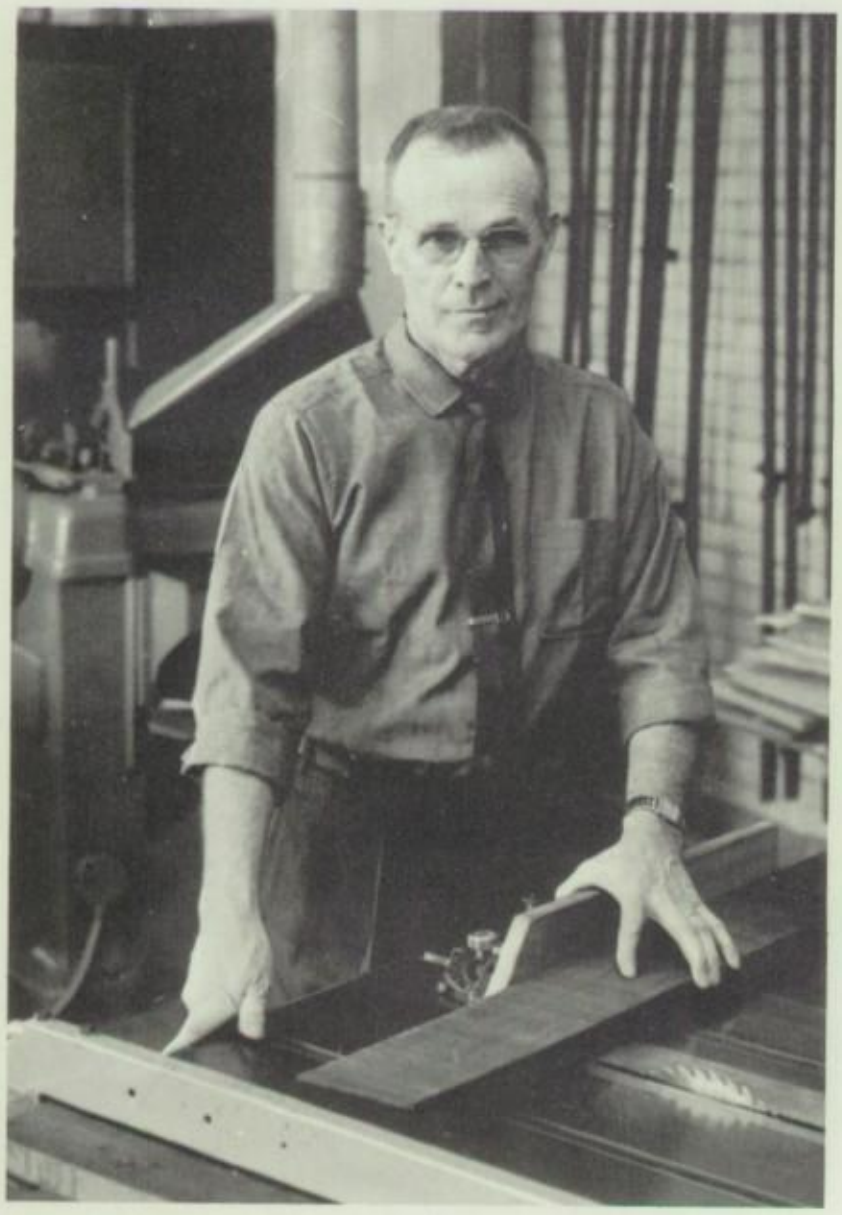


Here's the scientist dressed for work. Students in Mr. Farr's science classes learn from the many experiments and demonstrations which are conducted.



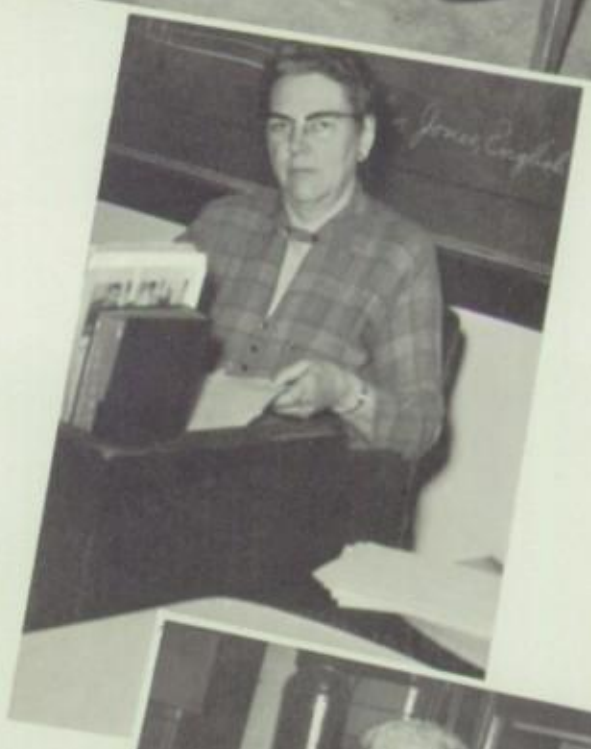
Mr. "Dusty" Rhodes' classes are all wet; but that's only natural, for he teaches swimming. He provides instruction for beginning and intermediate swimming and diving, water ballet, and senior lifesaving.

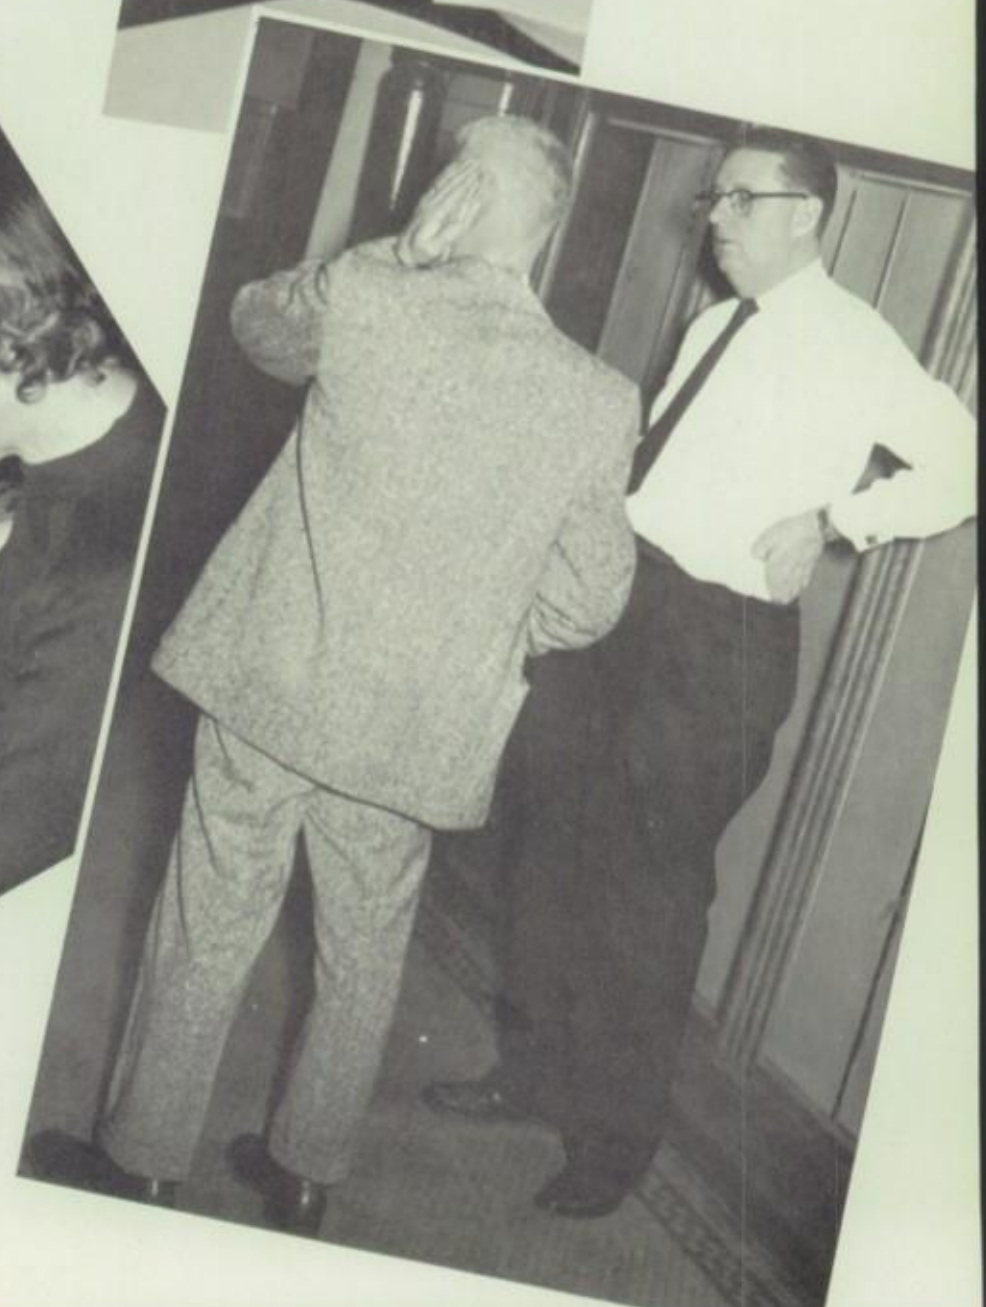
Here we see Mr. Johnson as he directs the mixed chorus during class. Through rehearsals, as well as through actual performances, Mr. Johnson teaches his students the joy of music.



Heading the vocational program at M.H.S. is the task of Mr. Payne. He teaches industrial arts and the classroom portion of Diversified Occupations. The boys in Mr. Payne's classes acquire skills and work habits that prepare them for jobs after graduation.

CAUGHT OFF GUARD





Custodians

From left to right — Arnold Parsons, Archie Robertson, Robert Henness, Lee Anderson, Charles Bailey.

We can all feel very proud of our custodians for the way they have kept our school running smoothly. There is no job too big or too small for these five men. They are kept busy, their duties ranging from heating our class-rooms to helping us coax our sometimes stubborn lockers open. School days are made more pleasant by the good appearance of the grounds and building. With the change of seasons, the custodians mow the lawn, rake the leaves, or shovel snow off the sidewalks and as a result of their efforts, both the halls and classrooms are kept dusted and clean. Whenever we needed to find a stepladder, move some furniture, or unlock a door, we especially appreciated the good nature and helpfulness of our custodians. Without them many of our dances and parties would have been impossible, for it was their duty to keep the gym floor waxed and in good condition. Their services do not cease at graduation. In the summer, while we are learning to water ski or eating watermelons, the custodians are hard at work preparing Monmouth High for next year's students.

As the final day draws near these happy Seniors are ready to ascend the stairs to don their caps just as they will climb the steps toward their future goals.

Mrs. Hehring,
Best of luck
to my favorite M.H.S.
teacher! We sure have
had a lot of fun in 1's
typing, Mom, and I'm going
to miss you next year,
I will be in here again
though. Really, Mrs. Hehring, it has sure
been a privilege to have you as a teacher,
I like you all as a friend, helper,
and a 2nd Mom and all of you know
how I feel. I'll be one, and I'll tell
you the rest of your classes!
Thank you for leaving your kids
with me!!) We sure have had
a good time, but really we
did learn a lot of typing
and a 2nd
It sure
you're sure
sure hate to leave
what all of us
one great individual. I
other leaders as any of my
thing works out for you
Bruce and your cute
care of you go on
how I know I go
I know you'll never forget you. (How
Hehring, we sure forget some of them
would and all of you in
help you in my way, please
thing to help you some of
you sure made a lot of luck always to
I'm glad you never carried
I guess I'd better shut up before I get
I know sentimental, Best of luck always!! Be a
a DON-N-N-N-DERFUL person! PLEASE
good, but I have few, and PLEASE
watch those country roads!!
Love, Lucky (Always,
your daughter)

Dear Lover

We started out this year as the best 3 friends and I know it's the beginning to mean more to me) the way you (wished) at me at the beginning was nothing but I know it means so much. I'm going to miss you this summer. if I need anything or anything you want don't call on me. But I love you even though you do beat all kinds of boys. But I am hoping that the end of the year is almost here & I'll have learned much more than I have ever before even though you didn't teach me the right things. I hope you and your husband have fun even if I can't be with you. I'll be with you every minute of it. Know I want to be with you next year. Can't you just said you had a lot of kids but all I've seen is about three of them.

I love you always.

Mrs. Gehring,

To the nicest and smartest teacher I have ever had. I can truthfully say, "I have learned more from you, than I have learned from any other one year course I've ever taken." I wish there were more teachers like.

You know, you have a very nice way of teaching. You can combine fun with learning, and, boy, this really helps.

I will always admire you, for many different reasons, especially because of your adorable family, and how well you have raised them.

I wish you all the Good Luck in the world with your family and new husband; and sincerely hope your future students get as much out of your classes as I have.

Love + Luck,

PENNY
